Approved by
Decree of the Government of the
Republic of Kazakhstan
No. 596 dated May 8, 2012

Rules

for providing a candidate for cosmonauts, a cosmonaut with annual preventive examinations, medical and sanatorium-resort treatment

Footnote Rules – in the wording of the Government of the Republic of Kazakhstan dated 01.09.2021 № 600 (shall enter into force upon expiry of ten calendar days after the first day of its publication).

Chapter 1. General provisions

1. These Rules for providing the candidate for cosmonauts, a cosmonaut with annual preventive examinations, medical and sanatorium-resort treatment (hereinafter referred to as the Rules) have been developed in accordance with Article 34 of the Law

of the Republic of Kazakhstan "On space activities" (hereinafter referred to as the Law) and shall determine the procedure for providing annual preventive examinations, medical and sanatorium-resort treatment for a candidate for cosmonauts, an cosmonaut, subject to their permanent residence in the territory of the Republic of Kazakhstan, as well as members of their families living with them.

2. The following concepts shall be used in these Rules:

1) candidate for cosmonauts of the Republic of Kazakhstan (hereinafter referred to as the candidate for cosmonauts) - a citizen of the Republic of Kazakhstan who has passed the preliminary selection and shall be aimed at training for obtaining the qualification of an astronaut;

2) cosmonaut of the Republic of Kazakhstan (hereinafter referred to as cosmonaut) - a citizen of the Republic of Kazakhstan who has received training, received documents on awarding the qualification of a cosmonaut (test cosmonaut, cosmonaut-researcher, cosmonaut instructor) and the status of an cosmonaut;

3) compulsory social health insurance (hereinafter referred to as CSHI) - a set of legal, economic and organizational measures to provide medical care to consumers of medical services at the expense of the assets of the social health insurance fund;

4) the guaranteed amount of free medical care (hereinafter referred to as GAFMC) - the amount of medical care provided at the expense of budgetary funds.

Chapter 2. Procedure for providing annual preventive examinations and medical care

3. Every year, no later than January 15, the authorized body in the field of space activities shall send a notification to the candidate for cosmonauts, a cosmonaut and jointly residing members of their families about the need to undergo an annual preventive examination in health care organizations.

4. The annual preventive examination of the candidate for cosmonauts, a cosmonaut and jointly living members of their families shall be carried out in the subjects of health care within the framework of the GAFMC and (or) the CSHI system.

5. The status of a candidate for cosmonaut, cosmonaut shall be confirmed by the Rules for the selection of candidates for cosmonaut and the assignment of the status of a candidate for cosmonaut, a cosmonaut, approved in accordance with Article 9, paragraph 1, subparagraph 5) of the Law.

Jointly living family members of the candidate for cosmonaut, a cosmonaut shall provide the health care organization with documents confirming joint residence necessary for medical care.

6. The candidate for cosmonauts, a cosmonaut and jointly living members of their families shall have the right to receive medical care within the framework of the GAFMC and (or) the CSHI system in health care organizations in accordance with the legislation of the Republic of Kazakhstan.

7. If there is a need to transfer a patient to health care organizations providing medical care in inpatient conditions, scientific organizations in the field of health care to receive specialized, including high-tech, medical care, the transfer shall be carried out in accordance with the rules for the provision of medical care, approved in accordance with Article 7, subparagraph 82) of the Code of the Republic of Kazakhstan "On health of the people and the health care system" (hereinafter referred to as the Code).

Chapter 3. The procedure for providing sanatorium resort treatment

8. The cosmonaut, a cosmonaut and jointly living members of their families suffering from congenital diseases, after acute conditions, surgical interventions and injuries, as well as their consequences, shall be sent for medical rehabilitation within the framework of the GAFMC and (or) the compulsory medical insurance system in accordance with the Rules for the provision of medical rehabilitation, approved in accordance with Article 125, paragraph 6 of the Code.
