3) by state bodies - in accordance with the powers stipulated by the legislation of the Republic of Kazakhstan, in the manner and on conditions determined by bilateral

agreements with the national operator (national administrator) of the electronic passport system for information interaction.

20. The national operator (national administrator) of electronic passport systems or the authorized body (organization) shall add to the electronic passport additional information about traffic accidents involving a vehicle, self-propelled vehicles and other types of equipment obtained through information interaction with the information system of the authorized state body to ensure road safety.

21. Participants of electronic passport systems by the national operator (national administrator) of the electronic passport system on a contractual basis are provided with access to information (including additional information) contained in electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment, and services of electronic passport systems in the amount, manner and on the conditions determined by the national operator (national administrator) of the system electronic passports, except in cases prescribed by the rules.

22. The formation of additional information in electronic vehicle passports (vehicle chassis passports) with the status of “canceled”, “disposed of” and “canceled” is not allowed.

Appendix 1
to the Rules for maintaining
electronic
vehicle passports
(vehicle chassis passports
) and electronic
passports of self-propelled vehicles and
other types of equipment

**The list of additional information of an informational nature indicated in the section
“Other information of an informational nature” of an electronic vehicle passport, electronic
passport of a vehicle
chassis and electronic passport of self-propelled vehicles and other types of equipment**

1. For an electronic passport of a vehicle and an electronic passport of a vehicle chassis:

1) information about the owner of the vehicle:

legal entity (individual entrepreneur):

full name of the legal entity (surname, name, patronymic (if any) of an individual entrepreneur);

BIN of a legal entity, IIN of an individual entrepreneur;

mobile phone number of a legal entity (individual entrepreneur);

email address of a legal entity (individual entrepreneur);

individual:

surname, name, patronymic (if any) of an individual;
date of birth of an individual;
IIN of an individual;
name of an identity document of an individual;
number of an identity document of an individual;
Date of issue of an identity document of an individual;
mobile phone number of an individual;
email address of an individual;

document proving ownership of the vehicle:
name of the document certifying the ownership of the vehicle;
number of the document certifying the ownership of the vehicle;
date of issue of a document certifying ownership of the vehicle;
date of transfer of ownership of the vehicle;
vehicle value;
vehicle odometer readings;

2) information about the technical inspection of the vehicle:

technical inspection operator who performed the technical inspection of the vehicle

:

name (name of legal entity or surname, name, patronymic (if any) of an individual entrepreneur);

BIN of the legal entity;

IIN of an individual entrepreneur;

date of technical inspection;

diagnostic card registration number;

vehicle odometer readings;

the result of technical inspection of the vehicle;

3) information about restrictions (encumbrances) in relation to the vehicle:

the name of the body (organization) that imposed (removed) the restriction (encumbrance);

type of restriction (encumbrance);

name of the document in accordance with which the restriction (encumbrance) was imposed (lifted);

number of the document in accordance with which the restriction (encumbrance) was imposed (lifted);

the date of execution (conclusion) of the document in accordance with which the restriction (encumbrance) was imposed (lifted);

term of restriction (encumbrance) and (or) date of lifting the restriction (encumbrance);

4) information about traffic accidents involving a vehicle:

date, time and place (address) of the incident involving the vehicle;

Description of vehicle damage

vehicle odometer reading.

2. For an electronic passport of a self-propelled car and other types of equipment:

1) information about the owner of the self-propelled car and other types of equipment:

legal entity (individual entrepreneur):

full name of the legal entity (surname, name, patronymic (if any) of an individual entrepreneur);

BIN of a legal entity, IIN of an individual entrepreneur;

mobile phone number of a legal entity (individual entrepreneur);

email address of a legal entity (individual entrepreneur);

individual:

surname, name, patronymic (if any) of an individual;

date of birth of an individual;

IIN of an individual;

name of an identity document of an individual;

number of an identity document of an individual;

Date of issue of an identity document of an individual;

mobile phone number of an individual;

email address of an individual;

document certifying ownership of the self-propelled car and other types of equipment:

name of the document certifying ownership of the self-propelled car and other types of equipment;

number of the document certifying the ownership of the self-propelled car and other types of equipment;

date of issue of a document certifying ownership of the self-propelled vehicle and other types of equipment;

the date of transfer of ownership of the self-propelled vehicle and other types of equipment;

the cost of a self-propelled car and other types of equipment;

Indications of the odometer (if available) and (or) the hour meter for hours worked (if available) of a self-propelled machine and other types of equipment;

2) information about restrictions (encumbrances) in relation to a self-propelled machine and other types of equipment:

the name of the body (organization) that imposed (removed) the restriction (encumbrance);

type of restriction (encumbrance);

name of the document in accordance with which the restriction (encumbrance) was imposed (lifted);

number of the document in accordance with which the restriction (encumbrance) was imposed (lifted);

the date of execution (conclusion) of the document in accordance with which the restriction (encumbrance) was imposed (lifted);

term of restriction (encumbrance) and (or) date of lifting the restriction (encumbrance);

3) information about traffic accidents involving self-propelled vehicles and other types of equipment:

date, time and place (address) of the accident involving self-propelled vehicles and other types of equipment;

a description of damage to self-propelled vehicles and other types of equipment;

Indications of the odometer (if any) and (or) the hour meter for hours worked (if any) of the self-propelled machine and other types of equipment.

Appendix 2
to the Rules for maintaining
electronic
vehicle passports

resident at:

_____,
acting on behalf of the subject of personal data
on the basis _____

_____,
(details of the power of attorney or other document
Confirm giving authority to the representative of
the personal data subject)

I decide on the presentation of my personal data and give my consent to their processing freely, by my own will and in my interest.

Name and address of the operator receiving the consent of the personal data subject : _____

—

Name and address of the person carrying out personal data processing together with the operator in the interests of the personal data subject:

_____.

Consent is given to the processing of personal data with the aim of entering information into the electronic passport of the vehicle (electronic passport of the vehicle chassis) and the electronic passport of self-propelled vehicles and other types of equipment about the owner of the vehicle (chassis of the vehicle), self-propelled vehicles and other types of equipment and identification and authentication of the subject of personal data in electronic passports vehicles (e-passports chassis vehicles), electronic x passports of self-propelled vehicles and other equipment (hereinafter - the

system of electronic passports), providing the possibility of obtaining information from the e-passport systems and the entry of data in the vehicle electronic passport (e-passport vehicle chassis means) and e-passport self-propelled vehicles and other equipment.

Consent is given to the processing of the following personal data:

surname, name, patronymic (if any);

Date of Birth; individual identification number;

identity document:

name of the document,

number of the document,

series (if any) of the document,

date of issue of the document;

Telephone number;

E-mail address.

The consent is given to the processing of personal data using the following means automation or without such means, which includes collection, recording, systematization, accumulation, storage, refinement (updating, modification), extraction, use, transfer (provision, access), depersonalization, blocking, removal, the destruction of personal data.

The consent to the processing of personal data is valid indefinitely, until its withdrawal.

by the subject of personal data by written request to the operator.

The subject of personal data is notified that in the event of withdrawal by the subject

of personal data of the consent to processing of personal data, the operator has the right to

Continue processing of personal data without the consent of the subject of personal data in

in accordance with the Law of the Republic of Kazakhstan dated 21 May 2013 "On Personal Data

and protecting them."

The signature of the subject (subject representative) of personal data:

(name, surname, patronymic (if any) in full, signature)
