A. Issekeshv

Approved by
Order No. 222 of the Minister
for Investment and Development
of the Republic of Kazakhstan
dated February 27, 2015

The requirements for the formalization of the concept of the Special Economic Zone creation

1. General provisions

1. These Requirements for the formalization of the concept of creation of the Free Economic Zone are developed in accordance with paragraph 1 of Article 7 of the Law of the Republic of Kazakhstan dated July 21, 2011 "On Special Economic Zones in the Republic of Kazakhstan" and are used in developing the concept of creation of the Special Economic Zone (hereinafter referred to the SEZ) by the central or local executive bodies, legal entities who are interested in the SEZ the SEZ creation.

2. Formalization of the concept of creation the SEZ shall meet the following requirements: contain such information as the purpose of creation, location, priority activities, information about potential participants of the SEZ, analysis of the current economic situation of the respective region and forecasted effect on the economy from the creation of the SEZ.

2. Concept structure

1. Structure of the concept of the SEZ creation contains the following sections:

1. Introduction;
- 2) geographical position of the SEZ;
- 3) purposes and objectives of the SEZ creation;
- 4) analysis of the current economic situation in the region and world economy;
- 5) priority activities of the SEZ;
- 6) potential participants of the SEZ;
- 7) positive effect on the regional economy due to the SEZ creation.

4. The "Introduction" section describes the name of the SEZ and the basis for its creation.

5. The "Geographical position of the SEZ" section reflects the area, location and cartographic diagrams that characterize the location of the land plots where the SEZ creation is planned, at the scale of 1: 20,000 and 1: 100,000.

6. The "Purposes and objectives of the SEZ creation" section reflects the purposes and objectives of the SEZ being created associated with the geographical position of the SEZ, available natural and manpower resources, possible interests of foreign investors and other economic, social and geographical factors required for the SEZ development.

7. The "Analysis of the current economic situation in the region and world economy" section reflects:

1) the main socio-economic characteristics of the region where the SEZ creation is expected;

2) infrastructure provision, investment components and other indicators that characterize the prospective location of the SEZ;

3) analysis of the current state of the regional industries in priority activities;

4) analysis of the current state of the world economy with the link to the priority activities of the created SEZ;

5) the main backgrounds for the SEZ location and the competitive geographical and economic advantages of the region.

8. The "Priority activities of the SEZ" section indicates the main activities that meet the objectives of SEZ creation, which will be implemented on the territory of the SEZ.

This section provides specific justification for rationale of one or another activity carrying out on the SEZ territory.

9. The "Potential participants of the SEZ" section indicates the organizational and legal forms of the organization claiming to operate on the SEZ territory, as well as the availability of own production and work experience in the priority activities.

10. The "Positive effect on the regional economy due to the SEZ creation" section outlines the expected results of the SEZ operation.

These results are set forth based on results of achievement of the SEZ creation objectives and the features of the region where the SEZ is supposed to be created.
