Order of the Minister of Industry and Infrastructural Development of the Republic of Kazakhstan dated April 11, 2019 no. 211. Registered with the Ministry of Justice of the Republic of Kazakhstan dated April 16, 2019 no. 18532.

Unofficial translation

In accordance with sub-clause 4) of article 15-1 of the Law of the Republic of Kazakhstan dated April 17, 2014 "On the road traffic" **I HEREBY ORDER:**

1. To approve the attached Procedure and conditions for issuing an opinion on the granting of authority to organizations or refusing to grant authority to issue vehicle passports (vehicle chassis passports) and passport for self-propelled machines and other types of equipment including the drawing-up of electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled machines and other types of equipment.

2. The Industrial Development and Industrial Safety Committee of the Ministry of Industry and Infrastructural Development of the Republic of Kazakhstan, in accordance with the procedure prescribed by law, shall ensure:

1) state registration of this order with the Ministry of Justice of the Republic of Kazakhstan;

2) within ten calendar days from the date of state registration of this order, direction in Kazakh and Russian languages to the Republican State Enterprise on the right of economic management "Institute of Legislation and Legal Information of the Republic of Kazakhstan" of the Ministry of Justice of the Republic of Kazakhstan for official publication and placement in the Reference Control Bank of the Regulatory Legal Acts of the Republic of Kazakhstan;

3) posting this order on the Internet resource of the Ministry of Industry and Infrastructural Development of the Republic of Kazakhstan.

3. Control over execution of this order shall be entrusted to the supervising vice-minister of Industry and Infrastructural Development of the Republic of Kazakhstan.

4. This order shall come into force upon expiry of ten calendar days from the date of its first official publication.

Approved
by the order of the
Minister of Industry and
Infrastructural Development
of the Republic of Kazakhstan
dated April 11, 2019 no. 211

Rules and conditions for issuing an opinion on granting authority to organizations or on refusal to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment

Footnote. The rules are as amended by the Order of the Minister of Industry and Infrastructure Development of the Republic of Kazakhstan dated 21.12.2022 No. 729 (shall be enforced ten calendar days after the date of its first official publication).

Chapter 1. General provisions

1. These Rules and conditions for issuing an opinion on granting authority to organizations or on refusal to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment are developed in accordance with subparagraph 4) of Article 15-1 of the Law of the Republic of Kazakhstan "On road traffic" and determine the procedure and conditions for issuing an opinion on granting authority to organizations or refusal to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment (hereinafter - electronic passports).

2. Information about authorized bodies (organizations) and organizations - manufacturers of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment are included in the national part of the unified register of authorized bodies (organizations) and organizations - manufacturers of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment that carry out registration of vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment (hereafter – the national part of the Unified register) in accordance with the Decision of the Board of the Eurasian Economic Commission dated September 1, 2015 No. 112 "On approval of the Procedure for

formation and maintenance of the Unified register of authorized bodies (organizations) of the member states of the Eurasian Economic Union and organizations - manufacturers of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment, carrying out registration of passports (electronic passports) of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment" (hereinafter – the Procedure for formation and maintenance of the unified register, approved by the EEC Decision No. 112).

3. An organization is a legal entity whose official status is determined by state registration with the judicial authorities and registration.

Chapter 2. Procedure for issuing an opinion on granting authority to organizations or on refusal to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment

4. In terms of vehicles in accordance with these Rules, organizations are granted the following powers:

1) for registration of vehicle passports, including electronic passports of vehicles, for vehicles manufactured in the territory of the Republic of Kazakhstan by an organization – manufacturer not included in the Unified register;

2) for registration of vehicle passports, including electronic passports of vehicles, for vehicles imported into the territory of the Republic of Kazakhstan from other member states of the Eurasian Economic Union (hereinafter referred to as the Union) for which vehicle passports, including electronic passports of vehicle, were not previously issued;

3) for the registration of vehicle passports, including electronic passports of vehicle, for vehicles imported into the territory of the Union from a state that is not a member of the Union, which are subject to the approval of the type of vehicle in accordance with the requirements of the technical regulations of the Customs Union "On the safety of wheeled vehicles" (TR CU 018/2011) (hereinafter – TR CU 018/2011);

4) for the registration of vehicle passports, including electronic passports of vehicle, for vehicles imported into the territory of the Union from a state that is not a member of the Union, for which a vehicle design safety certificate has been issued in accordance with the requirements of TR CU 018/2011;

5) for registration of vehicle passports, including electronic passports of vehicle, without a document confirming compliance with the requirements of TR CU 018/2011, for vehicles registered before the start date of the use of electronic passports by the body registering vehicles on the territory of the Republic of Kazakhstan;

6) for registration of vehicle passports, including electronic passports of vehicles, without a document confirming compliance with the requirements of TR CU 018/2011, for vehicles previously registered before the start date of the use of electronic passports by the body

registering vehicles on the territory of a member state of the Union other than the Republic of Kazakhstan;

7) for registration of vehicle passports, including electronic passports of vehicle, without a document confirming compliance with the requirements of TR CU 018/2011, for vehicles of categories L and M1 (in accordance with Appendix No. 1 to TR CU 018/2011), from the date of issue of which 30 years or more have passed, as well as categories M2, M3 and N (in accordance with Appendix No. 1 to TR CU 018/2011), not intended for commercial transportation of passengers and cargo, from the date of issue of which 50 years or more have passed, with the original engine, body and frame (if available), preserved or restored to their original condition;

8) for registration of vehicle passports, including electronic passports of vehicles, in accordance with subparagraph c) of paragraph 20 of the Procedure for functioning of electronic vehicle passport systems (electronic vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment, approved by the Decision of the Board of the Eurasian Economic Commission dated September 22, 2015 No. 122 (hereafter – the Procedure approved by the EEC Decision No. 122), without a document confirming compliance with the requirements of TR CU 018/2011, for vehicles imported into the territory of the Union and belonging to:

individuals who are participants in national state programs to assist the voluntary resettlement of persons living abroad, or recognized as refugees in accordance with Article 11 of the Law of the Republic of Kazakhstan "On refugees", as well as their family members;

diplomatic missions and consular offices, international (interstate) organizations enjoying privileges and immunities in accordance with generally recognized principles and norms of international law, employees of these missions (institutions, organizations), as well as members of their families;

9) to make changes to the passports of vehicles, including electronic passports of vehicles issued by an organization that has ceased its activities;

10) to make changes to the passports of vehicles, including electronic passports of vehicles, issued by an organization excluded from the Unified register.

5. In terms of the chassis of vehicles in accordance with these Rules, organizations are granted the following powers:

1) for registration of vehicle chassis passports, including electronic vehicle chassis passports on the chassis of vehicles manufactured in the territory of the Republic of Kazakhstan by an organization-manufacturer not included in the Unified register;

2) for registration of vehicle chassis passports, including electronic vehicle chassis passports, on the chassis of vehicles imported into the territory of the Union from a state that is not a member of the Union, which are subject to the approval of the type of vehicle chassis in accordance with the requirements of TR CU 018/2011;

3) to make changes to the passports of the chassis of vehicles, including electronic passports of the chassis of vehicles, issued by an organization that has ceased its activities and (or) excluded from the Unified register.

6. In terms of self-propelled vehicles and other types of equipment, in accordance with these Rules, organizations are granted the following powers:

1) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment manufactured in the territory of the Republic of Kazakhstan by an organization – manufacturer not included in the Unified register;

2) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment imported into the territory of the Republic of Kazakhstan from other member states of the Union for which passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment, were not previously issued;

3) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment imported into the territory of the Union from a state that is not a member of the Union, for which documents on assessment of compliance with the requirements of the technical regulations of the Customs Union "On the safety of machines and equipment" (TR CU 010/2011) (hereafter – TR CU 010/2011), adopted by the Decision of the Customs Union Commission dated October 18, 2011 No. 823, or the technical regulations of the Customs Union "On the safety of agricultural and forestry tractors and trailers to them" (TR CU 031/2012) (hereinafter - TR CU 031/2012), adopted by the Decision of the Council of the Eurasian Economic Commission dated July 20, 2012 No. 60, or approval of the type of vehicle (chassis), or the safety certificate of the vehicle structure in accordance with the requirements of TR CU 018/2011 (in respect of vehicles with a maximum design speed of 25 km/h or more, but less than or equal to 50 km/h);

4) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment registered by the body that registers self-propelled vehicles and other types of equipment on the territory of the Republic of Kazakhstan;

5) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment previously registered by the body that registers self-propelled vehicles and other types of equipment on the territory of a member state of the Union other than the Republic of Kazakhstan;

6) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment imported into the territory of the Union from a state that is not a member of the Union, from among self-propelled vehicles and other types of equipment that were previously in operation;

7) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment that are state-owned;

8) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment imported by an individual into the territory of the Union from a state that is not a member of the Union, for personal use;

9) for registration of passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment for self-propelled vehicles and other types of equipment imported into the territory of the Union from a state that is not a member of the Union and belonging to diplomatic missions and consular offices, international (interstate) organizations, enjoying privileges and immunities in accordance with generally recognized principles and norms of international law, employees of these representative offices (institutions, organizations), as well as members of their families;

10) to make changes to the passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment issued by an organization that has ceased its activities;

11) to make changes to the passports of self-propelled vehicles and other types of equipment, including electronic passports of self-propelled vehicles and other types of equipment issued by an organization excluded from the Unified register.

7. To obtain the powers provided for in the sub-paragraphs 1), 2), 3), 4), 5), 6), 7), 8), 10) of paragraph 4, sub-paragraphs 1), 2) of paragraph 5 and sub-paragraphs 1), 2), 3), 4), 5), 6), 7), 8), 9) of paragraph 6 of these Rules, and inclusion in the national part of the Unified register, organizations send to the Industrial Development Committee of the Ministry of Industry and Infrastructure Development of the Republic of Kazakhstan (hereinafter – the Committee) a cover letter (in free form) with the following documents attached (on electronic media in pdf format):

1) an application for granting the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including the registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment (hereinafter - the application) in accordance with Appendix 1 to these Rules;

2) a certificate from the State database "Legal entities" about a registered legal entity, branch or representative office, received no earlier than 10 (ten) working days before the date of submission of the application;

3) a certificate signed by the head (or his representative by proxy) confirming that the organization is not in the process of reorganization, liquidation, bankruptcy at the date of filing the application, and there are no restrictions to perform economic activities;

4) a certificate certified by the head (or his representative by proxy) containing information about the full name of the organization, location (address of the legal entity), actual address, phone number, email address, surname, first name, patronymic (if any) of the head;

5) certified by the signature of the head (or his representative by proxy), the copies of the certificate of accreditation of the certification body and (or) the testing laboratory (center) and the field of accreditation for obtaining the powers provided for in subparagraphs 1), 3), 4), 5), 6), 7), 8), 10) of paragraph 4, sub-paragraphs 1), 2) of paragraph 5 and sub-paragraphs 1), 2), 3), 4), 5), 6), 7), 8), 9) of paragraph 6 of these Rules;

6) a certificate certified by the head (or his representative by proxy) confirming the obligation of the organization when issuing vehicle passports (vehicle chassis passports), including electronic passports of vehicle (electronic vehicle chassis passports):

for the powers provided for in sub-paragraphs 1), 2), 3), 4), 5), 6), 7), 8), 10) of paragraph 4, sub-paragraphs 1), 2) of paragraph 5 of these Rules:

to carry out the identification necessary to comply with the specifics provided for in subparagraph (e) of paragraph 20 of the Procedure approved by the EEC Decision No. 122, and in case of detection of signs of concealment, forgery, modification, destruction of the identification marking applied to the vehicle (chassis) by the organization - manufacturer, or the revelation of non-compliance of the vehicle (chassis) with the information provided, do not issue a vehicle passport (vehicle chassis passport), including an electronic passport of vehicle (electronic vehicle chassis passport) and inform the competent authorities of the Republic of Kazakhstan no later than 5 (five) working days (in order to comply with the specifics provided for in subparagraph (f) of paragraph 20 of the Procedure approved by the EEC Decision No. 122);

for the powers provided for in sub-paragraphs 4), 5), 6), 7), 8) of paragraph 4 of these Rules:

to take photographs of the vehicle, including its identification marking, necessary to comply with the specifics provided for in subparagraph g) of paragraph 20 of the Procedure approved by the EEC Decision No. 122;

7) a certificate certified by the head (or his representative by proxy) confirming the obligation of the organization when issuing passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of self-propelled vehicles and other types of equipment, in accordance with the powers provided for in the

subparagraphs 1), 2), 3), 4), 5), 6), 7), 8), 9) of paragraph 6 of these Rules, to identify and photograph self-propelled vehicles and other types of equipment, including their identification markings, necessary to comply with the features, provided for by subparagraph (e) of paragraph 21 of the Procedure approved by the EEC Decision No. 122, and in case of detection of signs of concealment, forgery, modification, destruction of the identification marking applied to the vehicle by the organization - manufacturer, or the detection of non-compliance of the vehicle with the information provided, do not issue a passport of self-propelled vehicle and other types of equipment, including an electronic passport of self-propelled vehicle and other types of equipment, and inform the competent authorities of the Republic of Kazakhstan no later than 5 (five) working days (in order to comply with the specifics provided for in subparagraph d) of paragraph 21 of the Procedure approved by the EEC Decision No. 122);

8) copies of documents certified by the signature of the head (or his representative by proxy) confirming compliance with the conditions for granting organizations the authority to issue electronic passports of vehicles, electronic passports of chassis of vehicles, electronic passports of self-propelled vehicles and other types of equipment specified in Appendix 2 to these Rules.

8. The Committee upon receipt of documents:

1) within 10 (ten) working days, checks the completeness, reliability and correctness of the application and documents, as well as the compliance of the organization with the conditions for issuing an opinion on granting authority to organizations or refusing to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (passports of chassis of vehicles) and electronic passports of self-propelled vehicles and other types of equipment, specified in paragraph 18 of these Rules;

2) based on the results of the audit, within 5 (five) working days, prepares and sends to the organization an opinion on granting organizations the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment, according to the form according to Appendix 3 to these Rules.

3) based on the results of the audit, in case of incompleteness of the documents submitted to the Committee, specified in paragraph 7 of these Rules, as well as non-compliance of the organization with the conditions for issuing an opinion on granting authority to organizations or refusing to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (passports of chassis of vehicles) and electronic passports of self-propelled vehicles and other types of equipment, specified in paragraph 18 of these Rules, the Committee sends a letter to the organization (in any form) indicating the identified

inconsistencies in accordance with paragraph 19 of these Rules and the need to eliminate them within a period not exceeding 5 (five) working days.

The organization, after eliminating the inconsistencies specified in subparagraph 3) of paragraph 8 of these Rules, has the right to re-apply to the Committee to obtain authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment.

If the organization does not eliminate the inconsistencies specified in subparagraph 3) of paragraph 8 of these Rules, the Committee notifies the organization of the preliminary decision on refusal, as well as the time and place (method) of the hearing to enable the organization to express its position on the preliminary decision.

The notification of the hearing is sent at least 3 (three) working days before the end of the deadline for checking the completeness, reliability and correctness of the application and documents, as well as for the compliance of the organization with the conditions for issuing an opinion on granting organizations the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (passports of chassis of vehicles) and electronic passports of self-propelled vehicles and other types of equipment, specified in paragraph 18 of these Rules. The hearing is held no later than 2 (two) working days from the date of notification.

Based on the results of the hearing, the Committee issues an opinion on granting organizations the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment, in accordance with Appendix 3 to these Rules, or a conclusion on the refusal to grant organizations the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment, in accordance with Appendix 4 to these Rules, with an indication of the motivated reasons that served as the basis for the refusal.

In case of a positive conclusion on granting organizations the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment, within 5 (five) working days enters the information about the organization in the national part of the Unified register.

The organization, in case of disagreement, has the right to appeal the conclusion on the refusal to grant authority to issue passports of vehicles (passports of chassis of vehicles) and passports of self-propelled vehicles and other types of equipment, including electronic passports of vehicles (passports of chassis of vehicles) and electronic passports of

self-propelled vehicles and other types of equipment, as well as the action (inaction) of the Committee in accordance with article 91 of the Administrative Procedural Code of the Republic of Kazakhstan.

9. The conclusion on granting organizations the authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including electronic vehicle passports (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment is valid until the date of inclusion of the organization in the national part of the Unified register, but no more than 90 (ninety) calendar days from the date of its issuance.

10. The powers of the organization are terminated in the case of:

1) petitions of the national operator (national administrator) of electronic passport systems in case of non-fulfillment by the organization of the terms of the contract with the national operator (national administrator) of electronic passport systems;

2) violations by the organization of the requirements of the Procedure approved by the EEC Decision No. 122, the Procedure for formation and maintenance of the Unified register approved by the EEC Decision No. 112, the Rules for maintaining electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment approved by the Resolution of the Government of the Republic of Kazakhstan dated July 3, 2019 No. 471 and these Rules;

3) receipt of an application from the organization for termination of powers;

4) failure of the organization to provide, in accordance with paragraph 12 of these Rules, the information necessary for updating the national part of the Unified register.

11. Based on the results of the consideration of the cases referred to in paragraph 10 of these Rules, the Committee shall, no later than 5 (five) working days, send to the organization a letter on termination of powers indicating the reasons that served as the basis for termination of such powers and exclusion from the national part of the Unified register.

12. Updating of the national part of the Unified register in terms of information about the organization and (or) the powers granted to the organization provided for in subparagraph (a) of paragraph 5 of the Procedure for formation and maintenance of the Unified register approved by the EEC Decision No. 112 is carried out by the Committee on the basis of information provided by the organization, including information on changing the details (including bank details), on the change of the head, change of address, termination (suspension) of agreements and (or) certificates of accreditation of the certification body, testing laboratory (center), provided by the conditions for granting organizations the authority to issue electronic passports of vehicles, electronic passports of chassis of vehicles, electronic passports of self-propelled vehicles and other types of equipment specified in Appendix 2 to these Rules.

13. The inclusion of information about the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part

of the Unified register is carried out by the Committee on the basis of the following documents submitted by the organization - manufacturer (on electronic media in pdf format):

- 1) cover letter (in free form);
- 2) an application for inclusion of the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register of authorized bodies (organizations) of the member states and organizations – manufacturers of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment, carrying out registration of passports (electronic passports) vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in accordance with Appendix 5 to these Rules;
- 3) a certificate certified by the head (or his representative by proxy) containing information about the full name of the organization -manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment, location (address of the legal entity), actual address, phone number, email address, surname, first name, patronymic (if available) of the head;
- 4) a certificate from the State database "Legal entities" about a registered legal entity, branch or representative office;
- 5) a certificate signed by the head (or his representative by proxy) confirming that the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment at the date of filing the application is not in the process of reorganization, liquidation, bankruptcy, and there are no restrictions on implementation of economic activities;
- 6) a certificate certified by the head (or his representative by proxy) containing information on the full names of organizations (if any) authorized by the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment for the sale of products manufactured by it, location (address of the legal entity), actual addresses, phone numbers, e-mail addresses, surnames, first names, patronymics (if any) of the heads of organizations;
- 7) certified by the head (or his representative by proxy), copies of valid certificates of conformity assessment to the requirements of TR CU 031/2012, TR CU 010/2011, or vehicle type approvals (chassis type approvals), safety certificates of the vehicle design certifying the compliance of the vehicle (chassis) with the requirements of TR CU 018/2011;
- 8) a copy of the document confirming the assignment of the international vehicle manufacturer identification code (WMI) certified by the head (or his representative by proxy) of the organization - manufacturer of vehicles (chassis of vehicles) (indicating the WMI code) ;
- 9) a certificate certified by the head (or his representative by proxy) of the organization - manufacturer of vehicles (chassis of vehicles) containing information on the existence of an agreement between the authorized body of the Republic of Kazakhstan and the organization -

manufacturer on the preferential assembly regime (indicating the preferential regime, the validity period of such an agreement and the quotas provided in it) (provided in if the specified mode is applied);

10) a certificate certified by the head (or his representative by proxy) of the organization - manufacturer of vehicles (chassis of vehicles) containing information about the full names of assembly plants (if any), location (addresses of legal entities), actual addresses, phone numbers, email addresses, surnames, first names, patronymics (if available) of the heads of such organizations.

14. The Committee within 20 (twenty) working days from the date of receipt of documents from the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment:

- 1) checks the completeness, reliability and correctness of the application and documents;
- 2) in case of completeness of the submitted documents, their reliability and correctness of the application, includes information about the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register.

15. The organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment is excluded from the national part of the Unified register no later than 5 (five) working days in the case of:

1) petitions of the national operator (national administrator) of electronic passport systems in case of non-fulfillment by the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment of the terms of the contract with the national operator (national administrator) of electronic passport systems;

2) violations by the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment of the requirements of the Procedure approved by the EEC Decision No. 122, the Procedure for forming and maintaining a unified register approved by the EEC Decision No. 112, the Rules for maintaining electronic passports of vehicles (passports of chassis of vehicles) and electronic passports of self-propelled vehicles and other types of equipment approved by the resolution of the Government of the Republic of Kazakhstan dated July 3, 2019 No. 471 and these Rules;

3) receipt of an application from the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment for exclusion from the national part of the Unified register;

4) failure by the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in accordance with paragraph 17 of these Rules to provide the information necessary for updating the national part of the Unified register.

16. Based on the results of the consideration of the cases referred to in paragraph 15 of these Rules, the Committee, no later than 5 (five) working days, sends a letter to the

organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment, indicating the reasons that served as the basis for exclusion from the national part of the Unified register.

17. Updating of the national part of the Unified register in terms of information about the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment provided for in sub-paragraphs b), c) of paragraph 5 of the Procedure for formation and maintenance of the Unified register approved by the EEC Decision No. 112 is carried out by the Committee on the basis of information provided by the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment.

Chapter 3. Conditions for issuing an opinion on granting authority to organizations or on refusal to grant authority to issue vehicle passports (vehicle chassis passports) and passports of self-propelled vehicles and other types of equipment, including registration of electronic passports of vehicles (vehicle chassis passports) and electronic passports of self-propelled vehicles and other types of equipment

18. The conditions for granting authority to the organization are:

1) registration as a legal entity;

2) the organization is not in the process of reorganization, liquidation, bankruptcy on the date of filing the application;

3) compliance with the conditions for granting organizations the authority to issue electronic passports of vehicles, electronic passports of chassis of vehicles, electronic passports of self-propelled vehicles and other types of equipment specified in Appendix 2 to these Rules, depending on the authority chosen by the organization;

4) the organization, when granting authority:

provided by sub-paragraphs 1), 2), 3), 4), 5), 6), 7), 8), 10) of paragraph 4, sub-paragraphs 1), 2) of paragraph 5 of these Rules performs the identification necessary to comply with the specifics provided for in subparagraph e) of paragraph 20 of the Procedure approved by the EEC Decision No. 122, and in case of detection of signs of concealment, forgery, modification, destruction of the identification marking applied to the vehicle (chassis) by the organization - manufacturer, or the identification of inconsistency of the vehicle (chassis) with the information provided, does not issue a vehicle passport (vehicle chassis passport), including an electronic vehicle passport (electronic vehicle chassis passport) and informs the competent authorities of the Republic of Kazakhstan (in order to comply with the specifics provided for in subparagraph e) of paragraph 20 of the Procedure, approved by the EEC Decision No. 122);

provided by sub-paragraphs 4), 5), 6), 7), 8) of paragraph 4 of these Rules takes photographs of the vehicle, including its identification marking, necessary to comply with the

specifics provided for in subparagraph g) of paragraph 20 of the Procedure approved by the EEC Decision No. 122;

5) the organization to which the powers provided by subparagraphs 1), 2), 3), 4), 5), 6), 7), 8), 9) of paragraph 6 of these Rules are granted, performs identification and photographing of self-propelled vehicles and other types of equipment, including their identification markings, necessary to comply with the specifics provided for in subparagraph (e) of paragraph 21 of the Procedure approved by the EEC Decision No. 122, and in case of detection of signs of concealment, forgery, modification, destruction of the identification marking applied to the vehicle by the organization - manufacturer, or identification of non-compliance of the vehicle with the information provided, does not issue a passport of self-propelled vehicles and other types of equipment, including an electronic passport of self-propelled vehicles and other types of equipment and informs the competent authorities of the Republic of Kazakhstan (in order to comply with the specifics provided for in subparagraph d) of paragraph 21 of the Procedure approved by EEC Decision No. 122);

6) the organization provides, in accordance with paragraph 12 of these Rules, the information necessary for updating the national part of the Unified register.

19. The conditions for the refusal to grant authority to the organization are:

1) incompleteness of the documents submitted to the Committee referred to in paragraph 7 of these Rules;

2) non-compliance of the organization with the conditions specified in paragraph 18 of these Rules;

including when re-applying for the purpose of granting authority:

3) failure of the organization to provide more than twice the information necessary for updating the national part of the Unified register, in accordance with paragraph 12 of these Rules;

4) registration by the organization of a vehicle passport (vehicle chassis), self-propelled vehicle and other types of equipment, including an electronic passport of a vehicle (vehicle chassis), self-propelled vehicle and other types of equipment upon detection of signs of concealment, forgery, modification, destruction of identification markings applied to the vehicle (vehicle chassis), a self-propelled vehicle and other types of equipment by the organization - manufacturer, or if a vehicle (vehicle chassis), self-propelled vehicles and other types of equipment do not comply with the information provided.

20. The conditions for the inclusion of the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register are:

for an organization-manufacturer of vehicles (vehicle chassis):

1) registration in accordance with the legislation of the Republic of Kazakhstan as a legal entity;

2) the organization - manufacturer of vehicles (chassis of vehicles) is not in the process of reorganization, liquidation, bankruptcy on the date of filing the application;

3) availability of a document confirming the assignment of the international vehicle manufacturer identification code (WMI);

4) the presence of a valid vehicle type approval (chassis type approval) certifying the compliance of the vehicle (chassis) with the requirements of TR CU 018/2011;

5) the organization - manufacturer of vehicles (chassis of vehicles) provides, in accordance with paragraph 17 of these Rules, the information necessary for updating the national part of the Unified register;

for the organization -manufacturer of self-propelled vehicles and other types of equipment :

6) registration in accordance with the legislation of the Republic of Kazakhstan as a legal entity;

7) the organization-manufacturer of self-propelled vehicles and other types of equipment is not in the process of reorganization, liquidation, bankruptcy on the date of filing the application;

8) availability of a valid document on conformity assessment with the requirements of TR CU 031/2012, TR CU 010/2011, or vehicle type approval (chassis type approval) certifying compliance of the vehicle (chassis) with the requirements of TR CU 018/2011;

9) the organization - manufacturer of self-propelled vehicles and other types of equipment provides, in accordance with paragraph 17 of these Rules, the information necessary for updating the national part of the Unified register.

21. The conditions for refusal to include the organization - manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register are:

1) incompleteness of the documents submitted to the Committee referred to in paragraph 13 of these Rules;

2) non-compliance of the organization -manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment with the conditions specified in paragraph 20 of these Rules;

including when re-applying for inclusion in the national part of the Unified register:

3) failure by the organization -manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment to provide more than twice the information necessary to update the national part of the Unified register, in accordance with paragraph 17 of these Rules.

Based on the results of the inspection, in case of incompleteness of the documents submitted to the Committee specified in paragraph 13 of these Rules, as well as non-compliance of the organization -manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment with the conditions specified in

paragraph 20 of these Rules, the Committee sends the organization -manufacturer of vehicles (chassis of vehicles) self-propelled vehicles and other types of equipment a letter (in any form) indicating the identified inconsistencies and the need to eliminate them within a period not exceeding 5 (five) working days.

If the organization- manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment does not eliminate the inconsistencies specified in this paragraph, the Committee notifies the organization- manufacturer of the preliminary decision to refuse inclusion in the national part of the Unified register, as well as the time and place (method) of the hearing to enable the organization- manufacturer to express a position on the preliminary decision.

The notification of the hearing is sent at least 3 (three) working days before the end of the deadline for checking the completeness, reliability and correctness of the application and documents, as well as for compliance of the organization -manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment with the conditions specified in paragraph 20 of these Rules. The hearing is held no later than 2 (two) working days from the date of notification.

Based on the results of the hearing, the Committee, within 5 (five) working days, includes the organization -manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register, or refuses to include the organization-manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register with an indication of the motivated reasons that served as the basis for refusal.

The organization-manufacturer, in case of disagreement, has the right to appeal against the refusal to include the organization-manufacturer of vehicles (chassis of vehicles), self-propelled vehicles and other types of equipment in the national part of the Unified register, as well as the action (inaction) of the Committee in accordance with article 91 of the Administrative Procedural Code of the Republic of Kazakhstan.
