Footnote. The title - as reworded by order of the Acting Minister of Health of the Republic of Kazakhstan No. KR DSM-133 of 10.11.2022 (shall take effect upon expiry of ten calendar days after the day of its first official publication).

Under sub-paragraph 33) of Article 394, sub-paragraphs 10) and 10-1) of Article 399 of the Code of the Republic of Kazakhstan “On Taxes and Other Obligatory Payments to the Budget (Tax Code)” **I HEREBY ORDER:**

**Footnote. The preamble - as reworded by order of the Minister of Health of the Republic of Kazakhstan No. KR DSM-46 of 17.05.2022 (shall be put into effect ten calendar days after the date of its first official publication).**

1. To approve:

1) a list of medicines of any form, including pharmaceutical substances (active pharmaceutical substances), medical devices, including prosthetic and orthopedic products and equipment for deaf and blind, as well as materials and components for their production, the sales turnover of which are exempt from value added tax, according to appendix 1 to this order;

2) list of pharmaceuticals of any form, medical devices entered in the State Register of Pharmaceuticals and Medical Devices and medical devices not entered in the State Register of Pharmaceuticals and Medical Devices, based on an opinion (authorisation document) issued by the competent authority responsible for public health, materials, equipment and components for the production of medicines of any form, medical devices, including

prosthetic and orthopaedic devices, sign language equipment, special mobility aids granted to persons with disabilities, the import of which is exempt from value added tax as per Appendix 2 hereto.

**Footnote. Paragraph 1 as amended by order of the Acting Minister of Health of the Republic of Kazakhstan No. KR DSM-133 of 10.11.2022 (shall be enforced ten calendar days after the date of its first official publication).**

2. To recognize as invalid the order of the Minister of Health of the Republic of Kazakhstan dated March 20, 2018 No. 124 “On approval of lists of medicines of any form, including those used (applied) in the field of veterinary medicine, medical (veterinary) products and medical (veterinary) equipment, equipment for deaf and blind, medicinal substances, materials, equipment and components for the production of medicines of any form, including those used (applied) in the field of veterinary medicine, medical (veterinary) products and medical (veterinary) equipment, the sales turnover of which and import are exempt from value added tax” (Registered in the Register of state registration of regulatory legal acts No. 16840, published on June 4, 2018 in the Reference Control Bank of regulatory legal acts of the Republic of Kazakhstan in electronic form, 04.06.2018).

3. The Pharmacy Committee of the Ministry of Health of the Republic of Kazakhstan, in the manner prescribed by law, to ensure:

1) state registration of this order in the Ministry of Justice of the Republic of Kazakhstan;  
2) within ten calendar days from the date of the state registration of this order, sending its copy in paper and electronic form in the Kazakh and Russian languages to the Republican state enterprise on the basis of the right of economic management "Republican Legal Information Center" for official publication and inclusion in the Reference Control Bank of regulatory legal acts of the Republic of Kazakhstan;

3) within ten calendar days after the state registration of this order, sending its copy to official publication in periodicals;

4) placement of this order on the Internet resource of the Ministry of Health of the Republic of Kazakhstan after its official publication;

5) within ten working days after the state registration of this order, submission of information to the Department of Legal Services of the Ministry of Health of the Republic of Kazakhstan on the implementation of measures provided for by subparagraphs 1), 2), 3) and 4) of this paragraph.

4. The supervising vice minister of health of the Republic of Kazakhstan shall be authorized to oversee the execution of this order.

5. This order shall come into force ten calendar days after the day of its first official publication.

26.	3208	synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions used in the manufacture of pharmaceutical, medical products
27.	3215	printing ink, toner or ink for writing or drawing and other inks, concentrated or non-concentrated, solid or non-solid, other, used in the manufacture of pharmaceutical and medical products
Group 33. Essential oils and resinoids; perfumes, cosmetics or toilet preparations		
28.	3301	essential oils used in the manufacture of pharmaceutical, medical products
29.	3305 10 000 0	shampoos, used for medical purposes, registered in the Republic of Kazakhstan as a medicine
30.	3307	medicines and medical products containing a mixture of sea and fresh water, solutions for storing contact lenses or eye prostheses
Group 34. Soap, surface-active organic substances, detergents, lubricants, artificial and prepared waxes, cleaning or polishing compounds, candles and similar products, modeling pastes, plasticine, "dental wax" and gypsum-based dental compositions		
31.	3405	cleaning pastes and detergents and similar products (including paper, cotton wool, felt, non-woven materials, porous plastics or porous rubber, impregnated or coated with such products) used in the manufacture of spectacle lenses
32.	3407 00 000 0	"dental wax" or compositions for producing dental casts, other compositions for dental purposes on the basis of gypsum (calcined gypsum or calcium sulfate)
Group 35. Protein substances; modified starches; adhesives; enzymes		
33.	3502	albumin (including concentrates of two or more whey proteins containing more than 80 wt.% of whey proteins, calculated as the dry matter), albuminates and other albumin derivatives used in the manufacture of pharmaceutical products
34.	3503 00	gelatin and its derivatives, hard gelatin capsules used for medical purposes and in the manufacture of pharmaceutical products

35.	3505 10	dextrins, other modified starches used in the manufacture of pharmaceutical products
36.	3506	glue, rubber-based melting glue and other finished adhesives used in the manufacture of medical products
37.	3507	enzymes, enzyme preparations, not elsewhere specified or included, used in the manufacture of pharmaceutical products
Group 37. Photo and film products		
38.	3701	X-ray photographic plates and flat photographic films made of any material other than paper, cardboard or textile, used for medical, dental purposes
39.	3702 10 000 0	X-ray films in rolls made of any material other than paper, cardboard or textile, for medical, dental purposes
40.	3707	photo-chemicals (except for varnishes, glues, adhesives and similar preparations); unmixed products used for photographic purposes, presented in measured doses or packaged for retail sale in a ready-to-use form for medical, dental purposes
Group 38. Other chemical products		
41.	3802 10 000 0	activated carbon used for medical purposes
42.	3807 00 100 0	wood tar used in the manufacture of pharmaceutical and medical products
43.	3821 00 000 0	culture media, ready for growing or maintaining the vital activity of microorganisms (including viruses and the like) or plant, human or animal cells used for medical purposes
44.	3822 11 000 0, 3822 12 000 1, 3822 12 000 9, 3822 13 000 0, 3822 19 000 1, 3822 19 000 9, 3822 90 000 0	diagnostic or laboratory reagents on substrate, finished diagnostic or laboratory reagents on or off substrate, certified reference materials used for medical purposes
45.	3824 99 610 0, 3824 99 620 0, 3824 99 640 0	products and compositions used in pharmacology or surgery
Group 39. Plastics and articles made therefrom		
46.	group 39	plastics and articles made therefrom, used for medical, dental purposes, as

		well as for production of medicines, medical products
Group 40. Rubber, resin elastic and articles made therefrom		
47.	4001 10 000 0	natural rubber latex, vulcanized or non-vulcanized used in the manufacture of pharmaceutical, medical products
48.	4001 22 000 0	natural rubber, technically specified (TSNR) used in the manufacture of pharmaceutical, medical products
49.	4005 10 000 0	rubber mixture filled with carbon black or silicon dioxide, elastomer used in the manufacture of pharmaceutical, medical products
50.	4006 90 000 0	other forms (for example, rods, pipes and shaped profiles) and products (for example, disks and rings) made of unvulcanized rubber – other, used in the manufacture of pharmaceutical and medical products
51.	4008	plates, sheets, strips or tapes, rods and profiles shaped and made of vulcanized rubber, other than hard rubber, used in the manufacture of prosthetic and orthopedic products
52.	4010	conveyor belts or drive belts, or vulcanized rubber belting used in the pharmaceutical, medical industry
53.	4014	hygienic or pharmaceutical products made of vulcanized rubber, except hard rubber or without them: corks made of vulcanized rubber, other than hard rubber, used in the manufacture of pharmaceutical and medical products, rubber heating pads, syringes, oxygen pads, eye droppers, nose aspirators, breast pumps, children's dental rings, Esmarch's mug, hemostatic strap, Martens bandage, used for medical purposes, various types of baby's dummies and similar products for children, contraceptives made of vulcanized rubber
54.	4015 12 000 1, 4015 12 000 9, 4015 19 000 0, 4015 90 000 0	clothing and its accessories, medical, surgical and examination gloves, sterile and non-sterile vulcanised rubber gloves, neoprene belts and bandages for medical purposes

55.	4016	vulcanized rubber products used in the manufacture of pharmaceutical and medical products
Group 41. Raw hides (except for natural fur) and dressed leather		
56.	4104	cattlehide or equidae leather without hair, used in the manufacture of prosthetic and orthopedic products
Group 48. Paper and cardboard; articles made of paper pulp, paper or cardboard		
57.	4803 00	cellulose fiber canvas in rolls used in the manufacture of medical products
58.	4804	Kraft paper and Kraft cardboard uncoated in rolls or sheets used in pharmaceutical, medical products
59.	4811	paper, cardboard, cellulose wool and coated cellulose fiber canvas, impregnated, laminated, with a painted or decorated surface or printed, in rolls or rectangular (including square) sheets of any size, used for medical, pharmaceutical purposes, as well as for the manufacture of pharmaceutical, medical products
60.	4818 90 100 0	products used for surgical, medical purposes, not prepacked for retail sale
61.	4819 10 000 0	cardboard, boxes and boxes made of corrugated paper or cardboard, used in the manufacture of pharmaceutical, medical products
62.	4821	hangtags and labels used in the manufacture of pharmaceutical, medical products
63.	4823 90	paper rolls used in the manufacture of pharmaceutical, medical products
Group 52. Cotton		
64.	5208, 5208 11 100 0,5208 21 100 0	cotton fabrics containing 85 wt. % or more of cotton fibers, with a surface density of not more than 200 g / m for the manufacture of bandages, dressings and medical gauze
Group 56. Cotton wool, felt and non-woven materials; special yarn; twine, cordage, ropes and cables and articles made therefrom		
65.	5603	non-woven material made of chemical threads used in the manufacture of pharmaceutical, medical products
		rubber thread and cord with textile coating; textile yarns, flat and similar yarns, impregnated, coated or

66.	5604	covered with rubber or plastic, used in the manufacture of pharmaceutical and medical products
Group 61. Articles of clothing and clothing accessories, machine knitted or hand-knitted		
67.	6108, 6108 21 000 0	cotton yarn medical pants
68.	6115 10 100 1, 6115 10 100 2, 6115 10 100 9	stockings, tights, socks made of synthetic threads for people suffering from varicose veins
Group 62. Articles of clothing and clothing accessories, other than machine knitted or hand-knitted		
69.	6204	articles of clothing used in pharmaceutical and medical activities
70.	6210	articles of clothing made of materials of commodity item 5603, used for medical and pharmaceutical activities
71.	6211	other articles of clothing used in pharmaceutical and medical activities
72.	6212	bras, belts, corsets, garters and similar articles and their parts, knitted or crocheted or not knitted for medical purposes
73.	6217	other prepared clothing accessories; parts of clothing or clothing accessories, other than those included in commodity item 6212, used in pharmaceutical and medical activities
Group 63. Other finished textile articles; sets; used clothing and textiles; rags		
74.	6302	bed, table, toilet and kitchen linen used in pharmaceutical and medical activities
75.	6307	other finished products, including clothing patterns, textile products used in the manufacture of pharmaceutical, medical products, as well as in medicine, such as a hemostatic strap, medical masks, shoe covers, belts, corsets, posture correctors for medical purposes, medical fixators for the cervical spine, supporting medical dressings for fixation of limbs in surgery
Group 65. Headgear and its parts		
76.	6504 00 000 0	hats and other headgear, woven or made by joining strips of any

		material, lined or unlined, finished or unfinished, used in pharmaceutical and medical activities
77.	6505 00	hats and other headgear knitted or crocheted, or made of a single piece (but not of stripes) of lace, felt or other textile material, lined or unlined, finished or unfinished; hair nets of any material, lined or unlined, finished or unfinished, used in pharmaceutical and medical activities
Group 66. Umbrellas, sun umbrellas, walking-stick, shooting stick, whips, whips for riding and their parts		
78.	6602 00 000 0	canes specially designed for persons with disabilities and people with injuries
Group 68. Articles made of stone, gypsum, cement, asbestos, mica or similar materials		
79.	6804	grindle stones, grinding wheels and similar products without supporting structures intended for grinding, sharpening, polishing, fitting or cutting, stones for manual sharpening or polishing and their parts made of natural stone, agglomerated natural or artificial abrasives or ceramics, in a set with parts made of other materials or without these parts used in the manufacture of spectacle lenses
80.	6805	natural or artificial abrasive powder or grain on a woven, paper, cardboard or other basis used in the manufacture of spectacle lenses
Group 69. Ceramic products		
81.	6909	ceramic products for laboratory and chemical purposes, used in medicine
Chapter 70. Glass and articles made therefrom		
82.	7001 00 910 0	optical glass used in the production and manufacture of pharmaceutical and medical products
83.	7005 10 800 0	x-ray glass to protect against x-ray radiation
84.	7010 10 000 0	glass ampoules used in the manufacture of pharmaceutical products
85.	7010 20 000 0	corks, covers and other similar glass products used in the manufacture of pharmaceutical products
		bottles, vials, jars, ampoules and other glass containers used in the

86.	7010 90 710 0,7010 90 790 0	manufacture of pharmaceutical products
87.	7015	glasses for corrective or vision-correcting glasses, curved, concave with a recess or similar glasses, not optically processed; hollow glass spheres and their segments for the manufacture of these glasses, used in production and manufacture of pharmaceutical and medical products
88.	7017	glassware for laboratory pharmaceutical purposes
Group 73. Products made of ferrous metals		
89.	7311 00	tanks for compressed or liquefied gas made of ferrous metals used in medical equipment, medical devices, as well as in manufacture of pharmaceutical, medical products
90.	7319 90 900 0	other needles used in the manufacture of pharmaceutical and medical products
91.	7326 90 980 7	sterilization boxes and similar products used for medical purposes
Group 74. Copper and articles made therefrom		
92.	group 74	pipes, tubes and fittings for refined copper pipes used in medicine to provide medicinal gases, used for medical purposes and (or) in the manufacture of pharmaceutical, medical products
Group 76. Aluminum and articles made therefrom		
93.	7604	aluminum rods and profiles used in the manufacture of medical devices and equipment for medical gas supply systems
94.	7607	aluminum foil (without base or on the basis of paper, cardboard, plastic or similar materials) with a thickness (not including base) of not more than 0.2 mm, used in the manufacture of medicines for packaging in blister packs
95.	7612, 7612 10 000 0	containers, deformable tubular made of aluminum (tubes) used in the manufacture of pharmaceutical and medical products
96.	7612, 7612 90 200 0	other aluminum tanks used for the manufacture of pharmaceutical products in aerosol containers

97.	7613 00 000 0	aluminum containers for compressed or liquefied gas used in the manufacture of pharmaceutical products
Group 78. Lead and articles made therefrom		
98.	7804	lead sheets, strips or tapes and foil used in medicine for protection against ionizing radiation
Group 80. Tin and articles made therefrom		
99.	8001 20 000 0	tin alloys for blocking lenses
Group 82. Tools, fittings, cutlery, spoons and forks made of base metal; their parts made of base metal		
100.	8207	interchangeable working tools for hand tools, with or without mechanical drive, or for machine tools (for example, for pressing, stamping, punching, threading, drilling, boring out, drawing, milling, turning or screwing), including dies for drawing or extruding metal used in the manufacture of pharmaceutical, medical products
Group 83. Other articles made of base metal		
101.	8309 90	aluminum caps used in the manufacture of pharmaceutical products
Group 84. Nuclear reactors, boilers, equipment and mechanical devices; parts thereof		
102.	8405 10 000 9	gas generators or water gas generators with or without purification plants; acetylene gas generators and similar gas generators with or without purification plants (oxygen generators for medicine) used for medical purposes and (or) pharmaceutical and medical industries
103.	8413	liquid pumps with or without flow meters used in the manufacture of pharmaceutical products
104.	8414	air or vacuum pumps, air or gas compressors and fans; ventilation or recirculation hoods or cabinets with a fan, with or without filters, and others, used for medical purposes and (or) pharmaceutical, medical industry
105.	8415 81 001 0,8415 90 000 9	industrial air conditioners with automatic temperature and humidity control to maintain the microclimate

		in special production facilities in the manufacture of pharmaceutical and medical products; parts thereof
106.	8418	refrigeration and freezing equipment, its parts, with the exception of domestic one, used for medical purposes, in clean rooms, in the manufacture of pharmaceutical products
107.	8419	machinery, industrial or laboratory equipment with electric or non-electric heating (excluding furnaces, chambers and other equipment of commodity item 8514) for processing of materials in a process with a temperature change, such as heating, boiling, burning, distillation, rectification, sterilization, pasteurization, steaming, drying, evaporating, condensing or cooling, exception for machinery and equipment used for domestic purposes; non-inertia water heaters or thermal water batteries, other non-electric ones, used in the manufacture of pharmaceutical, medical products; equipment parts
108.	8421	centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases intended for medical purposes, as well as used in the manufacture of pharmaceutical, medical products, and parts thereof
109.	8422	equipment for washing or drying bottles or other containers; equipment for filling, corking bottles, cans, closing of boxes, bags or other containers, for sealing them or labeling; equipment for airtight capping with caps or caps of bottles, cans, tubes and similar containers; equipment for packaging or wrapping (including equipment, wrapping goods with heat-shrinkage of packaging material), other; beverage carbonation equipment used in the manufacture of pharmaceutical, medical products, and parts thereof
		scales for continuous weighing of products on conveyors (machines for controlling the weight of packages

110.	8423	on a conveyor, checkweigher); equipment for weighing and labeling of pre-packaged goods with a maximum weight of not more than 30 kg, used in the manufacture of pharmaceutical products
111.	8428 20 800 9	pneumatic lifts and conveyors used in the manufacture of pharmaceutical , medical products
112.	8438	pourers and tableting machines, coating machines designed for the manufacture of pharmaceutical products
113.	8442	machinery, apparatus and equipment for the preparation or manufacture of plates, cylinders or other printing forms; plates, cylinders and other printing forms; plates, cylinders or lithographic stones, prepared for printing purposes (for example, turned, grounded or polished) used in health care organizations, clean rooms, in the manufacture of pharmaceutical and medical products ; parts thereof
114.	8443	printing machines used for printing by means of plates, cylinders and other printing forms of commodity item 8442; other printers, copy machines and fax machines, combined or not combined; their parts and accessories: used in healthcare organizations, in clean rooms, in the manufacture of pharmaceutical and medical products ; parts thereof
115.	8444 00	machines for extruding, drawing, texturing or cutting chemical textile materials used in healthcare organizations, in clean rooms, in the manufacture of pharmaceutical and medical products; parts thereof
116.	8459	metal-cutting machines (including modular linear construction machines) for drilling, boring out, milling, cutting of external or internal thread by removing metal in the manufacture of pharmaceutical and medical products
		machinery (including presses) for processing of metals by die forging, forging or stamping; machine tools

117.	8462	for metal processing (including presses) bending, edging, straightening, cutting, punching or cutting out; presses for the processing of metals or metal carbides, not named above: used in healthcare organizations, in clean rooms, in the manufacture of pharmaceutical and medical products
118.	8464	optical glass processing machines used in the manufacture of a medical device
119.	8466	parts and accessories intended exclusively or mainly for the equipment of commodity items 8459 , 8462, 8464, including the fittings for fastening tools or parts, self-opening thread-cutting heads, dividing heads and other special fittings to machines; fittings for fastening working tools for all types of hand tools used for processing of optical glass in the manufacture of a medical device
120.	8467 11 900 0,8467 21 910 0,8467 29 510 0	hand tools with electric motor, other, used in the manufacture of prosthetic and orthopedic products
121.	8467, 8467 89 000 0	manual electric milling tools used in the manufacture of spectacle lenses
122.	8471, 8471 49 000 0	other computing machines, supplied in the form of systems used in the manufacture of pharmaceutical and medical products
123.	8474, 8474 20 000,8474 39 000 1,8474 80 101 0,8474 80 901 0,8474 90	equipment for chopping, grinding, mixing or intermixing of mineral products in powder form (granulators); agglomeration, molding or casting equipment used in the manufacture of pharmaceutical products, and parts thereof
124.	8477	equipment for processing of rubber or plastics or for production of products from these materials, not elsewhere specified in this group, used in the manufacture of pharmaceutical, medical products
125.	8479 89 970 7	denominated machines and mechanical devices used in the manufacture of a medical device

126.	8480 71 000 0	molds for molding rubber or plastic used in the manufacture of a medical device
127.	8481	taps, valves, gates and similar fittings for medical pipelines, boilers , tanks or similar containers including pressure reducing and thermostatic valves used in medical equipment, medical devices and medical gas supply systems
Group 85. Electrical machinery and equipment, parts thereof; sound recording and reproducing equipment, equipment for recording and reproducing television images and sound, their parts and accessories		
128.	8509	portable household electric breast pumps with integrated electric motor
129.	8514	laboratory electric ovens and chambers used for medical purposes
130.	8516	inertia-free or accumulative electric water heaters, immersion electric heaters intended for use in medicine
131.	8517 62 000 9	equipment for a wired communication system or digital wired systems used for medical purposes
132.	8525 81 300 0, 8525 82 300 0, 8525 83 300 0, 8525 89 300 0	devices for digital recording of low-brightness images used for medical purposes
133.	8528 59 900 9	monitors used for medical purposes
134.	8537	panel boards, panels, consoles, tables , switchboards and bases for electrical equipment, and others, equipped with two or more devices, for controlling or distributing electric current, including the instruments or devices of group 90 and digital control devices, except for commutation switching devices of commodity item 8517, used for medical purposes; parts thereof
135.	8538	parts intended exclusively or mainly for apparatus of commodity item 8537, used for medical purposes; parts thereof
136.	8539 49 000 0 8539 51 101 1, 8539 51 102 1, 8539 51 109 1, 8539 51 201 1, 8539 51 202 1, 8539 51 209 1, 8539 51 401 1 , 8539 51 402 1, 8539 51 409 1, 8539 90 800 1	ultraviolet or infrared lamps used in medicine
Group 87. Means of land transport, except for railway or tram rolling stock, and their parts and accessories		

137.	8705 90 800 5	new motor vehicles used for medical purposes (mobile medical complexes )
138.	8707 90 900 9	box body for mobile medical complexes
139.	8713	wheelchairs for people unable to move, equipped or not equipped with an engine or other mechanical devices for movement
140.	8714 20 000 0	wheelchair parts and accessories for people unable to move
Group 90. Optical, photographic, cinematographic, measuring, control, precision, medical, or surgical instruments and apparatus; parts and accessories thereof		
141.	9001 30 000 0	contact lenses used for medical purposes
142.	9001 40 410 0, из 9001 40 490 0	lenses for glasses made of glass, vision correction, processed on both sides, single-focal, multifocal (multifocal), transfocal
143.	9001 50 410 0,9001 50 490 0	lenses for glasses made of other materials, vision correction, processed on both sides, single-focal, multifocal (multifocal), transfocal
144.	9002	lenses, prisms, mirrors and other optical elements made of any material used in medicine, medical devices
145.	9003 (except 9003 19 000 1)	frames and fittings for glasses, goggles (except for sun glasses), or similar optical devices, and their parts
146.	9004 (except 9004 10)	glasses, goggles (except sun glasses) and similar optical devices that correct vision
147.	9006 30 000 0	cameras specifically designed for medical, surgical examination of internal organs
148.	9006 91	image registration devices, their parts and accessories used for medical purposes
149.	9010	apparatus and other equipment for dark laboratories, negatoscopes, developing machines used for medical purposes
150.	9011	complex optical microscopes used for medical purposes
151.	9016 00	scales with a sensitivity of 0.05 g or higher, with or without weights, their

		parts and accessories, for medical purposes
152.	9018	tools and devices used in medicine, surgery, dentistry, including scintigraphic equipment, other electro-medical equipment and devices for researching eyesight (except for tanning salons), including spare parts and accessories that are part of a medical device
153.	9019	devices for mechano-therapy; massage devices; equipment for psychological tests to determine abilities; equipment for ozone, oxygen and aerosol therapy, artificial respiration or other therapeutic breathing equipment
154.	9020 00 000 0	other breathing equipment and gas masks, except for protective masks, without mechanical parts and replaceable filters for medical purposes
155.	9021	orthopedic appliances, including crutches, surgical belts and bandages ; splints and other devices for the treatment of fractures; artificial body parts; hearing aids and other devices that are worn on oneself, carried by oneself or implanted in the body to compensate for an organ defect or its inoperability
156.	9022	equipment based on the use of x-ray, alpha, beta or gamma radiation, intended for medical, surgical, dental use, including x-ray or radio-therapeutic equipment, x-ray tubes and other x-ray generators, high voltage generators, panels and control panels, screens , tables, chairs and similar products for examination or treatment, including spare parts and accessories that are part of the specified equipment and products
157.	9024 80 190 0	machines and devices for testing the hardness, strength or other mechanical properties of materials ( devices for measuring the hardness and strength of tablets), used in the manufacture of pharmaceutical products

158.	9025	hydrometers, thermometers, barometers, hygrometers, psychrometers with or without a recording device for medical purposes and used in the manufacture of pharmaceutical products
159.	9026	instruments and apparatus for measuring or controlling the flow rate, level, pressure or other variable characteristics of liquids or gases used in the manufacture of pharmaceutical products and medical gas supply system equipment
160.	9027	instruments and equipment for chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analyzers); instruments and apparatus for measuring or controlling viscosity, porosity, expansion, surface tension or the like ; instruments and apparatus for measuring or controlling the amount of heat, sound or light (including exposure meters); microtomes; parts and accessories used for medical purposes
161.	9030 10 000 0	instruments and apparatus for detecting or measuring ionizing radiation used in medicine
162.	9031	measuring or controlling devices used in medicine or in the manufacture of pharmaceutical products
163.	9032 10	thermostats used in medicine
164.	9033 000 00 0	parts and accessories (not elsewhere specified or included in this group) to machines, instruments, tools or apparatus of Group 90, used for medical purposes and (or) in the pharmaceutical, medical industry
Group 91. Watches of all kinds and parts thereof		
165.	9106 90 000 0	technological process timers, stopwatch, not intended to be worn on oneself or carried with oneself, and similar devices used in medicine
Group 94. Furniture; bedding, mattresses, mattress basics, sofa cushions and similar stuffed furniture; lamps and lighting equipment not elsewhere specified or included; light signs, light plates with a name or title, or address and similar products; prefabricated building structures		

166.	9402	medical, surgical, dental furniture (e.g. operating tables, examination tables, hospital beds with mechanical appliances, dental chairs), parts of the above products
167.	9403	other furniture and its parts used in medicine
168.	9405 19 001 1, 9405 11 001 1, 9405 19 001 3, 9405 11 002 1, 9405 19 002 1, 9405 19 003 1, 9405 11 003 1, 9405 19 003 3, 9405 29 001 1, 9405 21 001 1, 9405 29 001 3, 9405 21 002 1, 9405 29 002 1, 9405 29 003 1, 9405 21 003 1, 9405 29 003 3, 9405 41 001 1, 9405 49 002 1, 9405 49 002 3, 9405 41 002 1, 9405 42 002 1, 9405 42 003 1, 9405 49 001 1, 9405 49 002 5, 9405 49 003 1, 9405 49 003 3, 9405 49 003 5, 9405 91 900 1, 9405 92 000 1, 9405 99 000 1, 9405 41 003 1, 9405 42 001 1	lamps and lighting equipment, narrow beam lamps and parts thereof used in medicine
169.	9406 90 390 2, 9406 90 900 1	prefabricated building structures (clean rooms) used in specialised production facilities for the manufacture of pharmaceutical, medical products
Group 96. Miscellaneous finished products		
170.	9608 20 000 0	plastic markers with felt tips and other porous materials designed for the production of biomarkers with iodine and brilliant green solutions

Appendix 2  
to the order  
dated June 7, 2019  
№ КР ДСМ-92

**List of pharmaceuticals of any form, medical devices entered in the State Register of Pharmaceuticals and Medical Devices not entered in the State Register of Pharmaceuticals and Medical Devices upon conclusion (authorisation document), issued by the competent authority responsible for public health care, materials, equipment and components for the production of pharmaceuticals of any form, medical devices, including prosthetic and orthopaedic devices, sign language equipment, special mobility aids granted to persons with disabilities, the importation of which is exempt from value added tax**

**Footnote. The title - as reworded by order of the Acting Minister of Health of the Republic of Kazakhstan No. KR DSM-133 of 10.11.2022 (shall enter into force ten calendar days after the date of its first official publication).**

Footnote. The list as amended by orders of the Minister of Health of the Republic of Kazakhstan No. KR DSM-46 dated 17.05.2022 (shall be enacted upon expiry of ten calendar days after the date of its first official publication); No. KR DSM-133 dated 10.11.2022 (shall take effect ten calendar days after the date of its first official publication).

Group 02. Meat and edible meat offal		
1.	0206 10 100 0,0206 22 000 1,0206 29 100 0,0206 30 000 1,0206 30 000 3,0206 41 000 1,0206 49 000 1,0206 80 100 0,0206 90 100 0	edible offal of cattle, pigs, sheep, goats, horses, donkeys, mules or hinnies, fresh, chilled or frozen, used in the manufacture of pharmaceutical products
Group 05. Products of animal origin, not elsewhere specified or included (NESOI)		
2.	0507 90 000 0	maral horns used in the manufacture of pharmaceutical products
Group 11. Products of the flour and cereal industry; malt; starches; inulin; wheat gluten		
3.	1108	wheat, corn, potato starch, inulin used in the manufacture of pharmaceutical products
Group 12. Oilseeds and fruits; other seeds, fruits and grains; medicinal plants and plants for technical purposes; wheat straw and fodder		
4.	1211	plants, their individual parts (including seeds and fruits), fresh or dried, whole or chopped, crushed or ground, used in the manufacture of pharmaceutical products
Group 13. Shellac natural unrefined; gums, resins and other vegetable juices and extracts		
5.	1302	vegetable juices and extracts, agar-agar, pectins used in the manufacture of pharmaceutical products
Group 15. Fats and oils of animal or vegetable origin and products of their breakdown; prepared edible fats; animal or vegetable waxes		
6.	1504 20	fish oil, oil and their fractions, except for fish liver oil used in the manufacture of pharmaceutical products
7.	1505 00	grease used in pharmaceutical production
8.	1515	vegetable oils and their fractions used in the manufacture of pharmaceutical products
9.	1520 00 000 0	glycerin used in the manufacture of pharmaceutical products
Group 17. Sugar and sugar confectionery		

10.	1702	other solid sugars, including chemically pure lactose, maltose, glucose and fructose, used in the manufacture of pharmaceutical products
11.	1704 90 550 0	sore throat lozenges and cough tablets used to prevent and treat diseases
Group 18. Cocoa and its product		
12.	1804 00 000 0	cocoa butter, cocoa fat used in the manufacture of pharmaceutical products
Group 21. Miscellaneous food products		
13.	2106 90 980 3	mixtures of vitamins and minerals intended for a balanced supplement to nutrition, used for the prevention and treatment of diseases
Group 22. Alcoholic and non-alcoholic drinks and vinegar		
14.	2207 10 000 0	undenatured ethyl alcohol with an alcohol concentration of 80 vol. % or more used in the manufacture of pharmaceutical products
Group 25. Salt; sulfur; earth and stone; plastering materials, lime and cement		
15.	2501 00	pure sodium chloride used in the manufacture of pharmaceutical products, drugs and medical products containing sea water
16.	2520 10 000 0	gypsum, anhydrite used in dentistry and in the production of prosthetic and orthopedic products
17.	2526 20 000 0	crushed or ground talcum powder used in the manufacture of pharmaceutical products
Group 27. Mineral fuel, oil and products of their distillation; bituminous substances; mineral waxes		
18.	2712 10 900 0	other petroleum jelly used in the manufacture of pharmaceutical products
19.	2712 20	paraffin with an oil content of less than 0.75 wt. % used in the manufacture of pharmaceutical products
Group 28. Products of inorganic chemistry; inorganic or organic compounds of precious metals, rare earth metals, radioactive elements or isotopes		
20.	group 28	inorganic chemistry products; inorganic or organic compounds of precious metals, rare earth metals, radioactive elements or isotopes used in the manufacture of pharmaceutical, medical products, and distilled,

		conductometric water and water of similar purity used for medical purposes
Group 29. Organic chemical compounds		
21.	group 29	organic chemical compounds, natural or synthesized, used in the manufacture of pharmaceutical, medical products; for use in sterilizers
Group 30. Pharmaceutical products		
22.	group 30	pharmaceutical products
Group 31. Fertilizers		
23.	3102 10 100 0	urea containing more than 45 wt. % of nitrogen, calculated as the dry anhydrous product used in the manufacture of pharmaceutical products
Group 32. Tanning or dyeing extracts; tannins and their derivatives; dyes, pigments and other coloring matter; paints and varnishes; putties and other mastics; printing ink, toner, ink		
24.	3203 00	coloring matter of vegetable or animal origin (including coloring extracts other than animal coal), chemically definite or indefinite; preparations made on the basis of coloring substances of plant or animal origin, used in the manufacture of pharmaceutical, medical products
25.	3204	synthetic organic dyes, chemically definite or indefinite; preparations made on the basis of synthetic organic dyes; synthetic organic products used as optical brighteners or phosphors, chemically definite or indefinite, used in the manufacture of pharmaceutical and medical products
26.	3208	paints and varnishes (including enamels and varnishes) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions used in the manufacture of pharmaceutical, medical products
27.	3215	printing ink, toner or ink for writing or drawing and other inks, concentrated or non-concentrated, solid or non-solid, other, used in labeling, used in the manufacture of pharmaceutical and medical products

Group 33. Essential oils and resinoids; perfumes, cosmetics or toilet preparations		
28.	3301	essential oils used in the manufacture of pharmaceutical, medical products
29.	3305 10 000 0	shampoos, used for medical purposes, registered in the Republic of Kazakhstan as a medicine
30.	3307	medicines and medical products containing a mixture of sea and fresh water, solutions for storing contact lenses or eye prostheses
Group 34. Soap, surface-active organic substances, detergents, lubricants, artificial and prepared waxes, cleaning or polishing compounds, candles and similar products, modeling pastes, plasticine, "dental wax" and gypsum-based dental compositions		
31.	3405	cleaning pastes and detergents and similar products (including paper, cotton wool, felt, non-woven materials, porous plastics or porous rubber, impregnated or coated with such products) used in the manufacture of spectacle lenses
32.	3407 00 000	"dental wax" or compositions for producing dental casts, other compositions for dental purposes on the basis of gypsum (calcined gypsum or calcium sulfate)
Group 35. Protein substances; modified starches; adhesives; enzymes		
33.	3502	albumin (including concentrates of two or more whey proteins containing more than 80 wt.% of whey proteins, calculated as the dry matter), albuminates and other albumin derivatives used in the manufacture of pharmaceutical products
34.	3503 00	gelatin and its derivatives, hard gelatin capsules used for medical purposes and in the manufacture of pharmaceutical products
35.	3505 10	dextrins, other modified starches used in the manufacture of pharmaceutical products
36.	3506	glue, rubber-based melting glue and other finished adhesives used in the manufacture of medical products
37.	3507	enzymes, enzyme preparations, not elsewhere specified or included, used in the manufacture of pharmaceutical products
Group 37. Photo and film products		

38.	3701	X-ray photographic plates and flat photographic films made of any material other than paper, cardboard or textile, used for medical, dental purposes
39.	3702 10 000 0	X-ray films in rolls made of any material other than paper, cardboard or textile, for medical, dental purposes
40.	3707	photo-chemicals (except for varnishes, glues, adhesives and similar preparations); unmixed products used for photographic purposes, presented in measured doses or packaged for retail sale in a ready-to-use form for medical, dental purposes
Group 38. Other chemical products		
41.	3802 10 000 0	activated carbon used for medical purposes
42.	3807 00 100 0	wood tar used in the manufacture of pharmaceutical and medical products
43.	3821 00 000 0	culture media, ready for growing or maintaining the vital activity of microorganisms (including viruses and the like) or plant, human or animal cells used for medical purposes
44.	3822 11 000 0, 3822 12 000 1, 3822 12 000 9, 3822 13 000 0, 3822 19 000 1, 3822 19 000 9, 3822 90 000 0	diagnostic or laboratory reagents on substrate, finished diagnostic or laboratory reagents on or off substrate, certified reference materials used for medical purposes
45.	3824 99 610 0, 3824 99 620 0, 3824 99 640 0	products and compositions used in pharmacology or surgery
Group 39. Plastics and articles made therefrom		
46.	group 39	plastics and articles made therefrom, used for medical, dental purposes, as well as for manufacture of medicines , medical products
Group 40. Rubber, resin elastic and articles made therefrom		
47.	4001 10 000 0	natural rubber latex, vulcanized or non-vulcanized used in the manufacture of pharmaceutical, medical products
48.	4001 22 000 0	natural rubber, technically specified (TSNR) used in the manufacture of pharmaceutical, medical products
		rubber mixture filled with carbon black or silicon dioxide, elastomer

49.	4005 10 000 0	used in the manufacture of pharmaceutical, medical products
50.	4006 90 000 0	other forms (for example, rods, pipes and shaped profiles) and products (for example, disks and rings) made of unvulcanized rubber – other, used in the manufacture of pharmaceutical and medical products
51.	4008	plates, sheets, strips or tapes, rods and profiles shaped and made of vulcanized rubber, other than hard rubber, used in the manufacture of prosthetic and orthopedic products
52.	4010	conveyor belts or drive belts, or vulcanized rubber belting used in the pharmaceutical, medical industry
53.	4014	hygienic or pharmaceutical products made of vulcanized rubber, except hard rubber or without them: corks made of vulcanized rubber, other than hard rubber, used in the manufacture of pharmaceutical and medical products, rubber heating pads, syringes, oxygen pads, eye droppers, nose aspirators, breast pumps, children's dental rings, Esmarch's mug, hemostatic strap, Martens bandage, used for medical purposes, various types of baby's dummies and similar products for children, contraceptives made of vulcanized rubber
54.	4015 12 000 1, 4015 12 000 9, 4015 19 000 0, 4015 90 000 0	clothing and its accessories, medical, surgical and examination gloves, sterile and non-sterile vulcanised rubber gloves, neoprene belts and bandages for medical purposes
55.	4016	vulcanized rubber products used in the manufacture of pharmaceutical and medical products
Group 41. Raw hides (except for natural fur) and dressed leather		
56.	4104	cattlehide or equidae leather without hair, used in the manufacture of prosthetic and orthopedic products
Group 48. Paper and cardboard; articles made of paper pulp, paper or cardboard		
57.	4803 00	cellulose fiber canvas in rolls used in the manufacture of medical products
58.	4804	Kraft paper and Kraft cardboard uncoated in rolls or sheets, except

		those specified in commodity items 4803, used in the manufacture of pharmaceutical, medical products
59.	4811	paper, cardboard, cellulose wool and coated cellulose fiber canvas, impregnated, laminated, with a painted or decorated surface or printed, in rolls or rectangular (including square) sheets of any size, except those specified in commodity items 4803, used for medical, pharmaceutical purposes, as well as for the manufacture of pharmaceutical, medical products
60.	4818 90 100 0	products used for surgical, medical purposes, not prepacked for retail sale
61.	4819 10 000 0	packing-boxes and boxes made of corrugated paper or cardboard, used in the manufacture of pharmaceutical, medical products
62.	4821	hangtags and labels used in the manufacture of pharmaceutical, medical products
63.	4823 90	paper rolls used in the manufacture of pharmaceutical, medical products
Group 52. Cotton		
64.	5208, 5208 11 100 0, 5208 21 100 0	cotton fabrics containing 85 wt. % or more of cotton fibers, with a surface density of not more than 200 g / m for the manufacture of bandages, dressings and medical gauze
Group 56. Cotton wool, felt and non-woven materials; special yarn; twine, cordage, ropes and cables and articles made therefrom		
65.	5603	non-woven material made of chemical threads used in the manufacture of pharmaceutical, medical products
66.	5604	rubber thread and cord with textile coating; textile yarns, flat and similar yarns, impregnated, coated or covered with rubber or plastic, used in the manufacture of pharmaceutical and medical products
Group 61. Articles of clothing and clothing accessories, machine knitted or hand-knitted		
67.	6108 21 000 0	cotton yarn medical pants
68.	6115 10 100 1, 6115 10 100 2 6115 10 100 9,	stockings, tights, socks made of synthetic threads for people suffering from varicose veins

Group 62. Articles of clothing and clothing accessories, other than machine knitted or hand-knitted		
69.	6212	bras, belts, corsets, garters and similar articles and their parts, knitted or crocheted or not knitted for medical purposes
Group 63. Other finished textile articles; sets; used clothing and textiles; rags		
70.	6307	other finished products, including clothing patterns, textile products used in the manufacture of pharmaceutical, medical products, as well as in medicine, such as a hemostatic strap, medical masks, shoe covers, belts, corsets, posture correctors for medical purposes, medical fixators for the cervical spine, supporting medical dressings for fixation of limbs in surgery
Group 66. Umbrellas, sun umbrellas, walking-stick, shooting stick, whips, whips for riding and their parts		
71.	6602 00 000 0	canes specially designed for persons with disabilities and people with injuries
Group 66. Umbrellas, sun umbrellas, walking-stick, shooting stick, whips, whips for riding and their parts		
72.	68 04	grindle stones, grinding wheels and similar products without supporting structures intended for grinding, sharpening, polishing, fitting or cutting, stones for manual sharpening or polishing and their parts made of natural stone, agglomerated natural or artificial abrasives or ceramics, in a set with parts made of other materials or without these parts used in the manufacture of spectacle lenses
73.	6805	natural or artificial abrasive powder or grain on a woven, paper, cardboard or other basis used in the manufacture of spectacle lenses
Group 69. Ceramic products		
74.	6909	ceramic products for laboratory and chemical purposes, used in medicine
Group 70. Glass and articles made therefrom		
75.	7001 00 910 0	optical glass used in the production and manufacture of pharmaceutical and medical products
76.	7005 10 800 0	x-ray glass to protect against x-ray radiation

77.	7010 10 000 0	glass ampoules used in the manufacture of pharmaceutical products
78.	7010 20 000 0	corks, covers and other similar glass products used in the manufacture of pharmaceutical products
79.	7010 90 710 0,7010 90 790 0	bottles, vials, jars, ampoules and other glass containers used in the manufacture of pharmaceutical products
80.	7015	glasses for corrective or vision-correcting glasses, curved, concave with a recess or similar glasses, not optically processed; hollow glass spheres and their segments for the manufacture of these glasses, used in production and manufacture of pharmaceutical and medical products
81.	7017	glassware for laboratory pharmaceutical purposes
Group 73. Products made of ferrous metals		
82.	7311 00	tanks for compressed or liquefied gas made of ferrous metals used in medical equipment, medical devices, as well as in manufacture of pharmaceutical, medical products
83.	7319 90 900 0	other needles used in the manufacture of pharmaceutical and medical products
84.	7326 90 980 7	sterilization boxes and similar products used for medical purposes
Group 74. Copper and articles made therefrom		
85.	group 74	pipes, tubes and fittings for refined copper pipes used in medicine to provide medicinal gases, used for medical purposes and (or) in the manufacture of pharmaceutical, medical products
Group 76. Aluminum and articles made therefrom		
86.	7604	aluminum rods and profiles used in the manufacture of medical devices and equipment for medical gas supply systems
87.	7607	aluminum foil (without base or on the basis of paper, cardboard, plastic or similar materials) with a thickness (not including base) of not more than

		0.2 mm, used in the manufacture of medicines for packaging in blister packs
88.	7612 10 000 0	containers, deformable tubular made of aluminum (tubes) used in the manufacture of pharmaceutical and medical products
89.	7612 90 200 0	other aluminum tanks used for the manufacture of pharmaceutical products in aerosol containers
90.	7613 00 000 0	aluminum containers for compressed or liquefied gas used in the manufacture of pharmaceutical products
Group 78. Lead and articles made therefrom		
91.	7804	lead sheets, strips or tapes and foil used in medicine for protection against ionizing radiation
Group 80. Tin and articles made therefrom		
92.	8001 20 000 0	tin alloys for blocking lenses
Group 82. Tools, fittings, cutlery, spoons and forks made of base metal; their parts made of base metal		
93.	8207	interchangeable working tools for hand tools, with or without mechanical drive, or for machine tools (for example, for pressing, stamping, punching, threading, drilling, boring out, drawing, milling, turning or screwing), including dies for drawing or extruding metal used in the manufacture of pharmaceutical, medical products
Group 83. Other articles made of base metal		
94.	8309 90	aluminum caps used in the manufacture of pharmaceutical products
Group 84. Nuclear reactors, boilers, equipment and mechanical devices; parts thereof		
95.	8405 10 000 9	gas generators or water gas generators with or without purification plants; acetylene gas generators and similar gas generators with or without purification plants (oxygen generators for medicine) used for medical purposes and (or) pharmaceutical and medical industries
96.	8413	liquid pumps with or without flow meters used in the manufacture of pharmaceutical products
		air or vacuum pumps, air or gas compressors and fans; ventilation or

97.	8414	recirculation hoods or cabinets with a fan, with or without filters, and others, used for medical purposes and (or) pharmaceutical, medical industry
98.	8415 81 001 0,8415 90 000 9	industrial air conditioners with automatic temperature and humidity control to maintain the microclimate in special production facilities in the manufacture of pharmaceutical and medical products; parts thereof
99.	8418	refrigeration and freezing equipment, its parts, with the exception of domestic one, used for medical purposes, in clean rooms, in the manufacture of pharmaceutical products
100.	8419	machinery, industrial or laboratory equipment with electric or non-electric heating (excluding furnaces, chambers and other equipment of commodity item 8514) for processing of materials in a process with a temperature change, such as heating, boiling, burning, distillation, rectification, sterilization, pasteurization, steaming, drying, evaporating, condensing or cooling, exception for machinery and equipment used for domestic purposes; non-inertia water heaters or thermal water batteries, other non-electric ones, used in the manufacture of pharmaceutical, medical products; equipment parts
101.	8421	centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases intended for medical purposes, as well as used in the manufacture of pharmaceutical, medical products, and parts thereof
102.	8422	equipment for washing or drying bottles or other containers; equipment for filling, corking bottles, cans, closing of boxes, bags or other containers, for sealing them or labeling; equipment for airtight capping with caps or caps of bottles, cans, tubes and similar containers; equipment for packaging or wrapping (including equipment, wrapping goods with heat-shrinkage

		of packaging material), other; beverage carbonation equipment used in the manufacture of pharmaceutical, medical products, and parts thereof
103.	8423	scales for continuous weighing of products on conveyors (machines for controlling the weight of packages on a conveyor, checkweigher); equipment for weighing and labeling of pre-packaged goods with a maximum weight of not more than 30 kg, used in the manufacture of pharmaceutical products
104.	8428 20 800 9	pneumatic lifts and conveyors used in the manufacture of pharmaceutical , medical products
105.	8438	pourers and tableting machines, coating machines designed for the manufacture of pharmaceutical products
106.	8442	machinery, apparatus and equipment for the preparation or manufacture of plates, cylinders or other printing forms; plates, cylinders and other printing forms; plates, cylinders or lithographic stones, prepared for printing purposes (for example, turned, grounded or polished) used in health care organizations, clean rooms, in the manufacture of pharmaceutical and medical products ; parts thereof
107.	8443	printing machines used for printing by means of plates, cylinders and other printing forms of commodity item 8442; other printers, copy machines and fax machines, combined or not combined; their parts and accessories: used in healthcare organizations, in clean rooms, in the manufacture of pharmaceutical and medical products ; parts thereof
108.	8444	machines for extruding, drawing, texturing or cutting chemical textile materials used in healthcare organizations, in clean rooms, in the manufacture of pharmaceutical and medical products; parts thereof
		metal-cutting machines (including modular linear construction

109.	8459	machines) for drilling, boring out, milling, cutting of external or internal thread by removing metal in the manufacture of pharmaceutical and medical products
110.	8462	machinery (including presses) for processing of metals by die forging, forging or stamping; machine tools for metal processing (including presses) bending, edging, straightening, cutting, punching or cutting out; presses for the processing of metals or metal carbides, not named above: used in healthcare organizations, in clean rooms, in the manufacture of pharmaceutical and medical products
111.	8464	optical glass processing machines used in the manufacture of medical devices
112.	8466	parts and accessories intended exclusively or mainly for the equipment of commodity items 8459 , 8462, 8464, including the fittings for fastening tools or parts, self-opening thread-cutting heads, dividing heads and other special fittings to machines; fittings for fastening working tools for all types of hand tools used for processing of optical glass in the manufacture of medical devices
113.	8467 11 900 0, 8467 21 910 0, 8467 29 510 0	hand tools with electric motor, other, used in the manufacture of prosthetic and orthopedic products
114.	8467 89 000 0	manual electric milling tools used in the manufacture of spectacle lenses
115.	8474 20 000, 8474 39 000 1, 8474 80 101 0, 8474 80 901 0, 8474 90	equipment for chopping, grinding, mixing or intermixing of mineral products in powder form ( granulators); agglomeration, molding or casting equipment used in the manufacture of pharmaceutical products, and parts thereof
116.	8477	equipment for processing of rubber or plastics or for production of products from these materials, not elsewhere specified in this group, used in the manufacture of pharmaceutical, medical products

117.	8479 89 970 7	denominated machines and mechanical devices used in the manufacture of medical devices
118.	8480 71 000 0	molds for molding rubber or plastic used in the manufacture of medical devices
119.	8481	taps, valves, gates and similar fittings for medical pipelines, boilers, tanks or similar containers including pressure reducing and thermostatic valves used in medical equipment, medical devices and medical gas supply systems
Group 85. Electrical machinery and equipment, parts thereof; sound recording and reproducing equipment, equipment for recording and reproducing television images and sound, their parts and accessories		
120.	8509	portable household electric breast pumps with integrated electric motor
121.	8514	laboratory electric ovens and chambers used for medical purposes
122.	8516	inertia-free or accumulative electric water heaters, immersion electric heaters intended for use in medicine
123.	8517 62 000 9	equipment for a wired communication system or digital wired systems used for medical purposes
124.	8525 81 300 0, 8525 82 300 0, 8525 83 300 0, 8525 89 300 0	devices for digital recording of low-brightness images used for medical purposes
125.	8528 59 900 9	monitors used for medical purposes
126.	8537	panel boards, panels, consoles, tables, switchboards and bases for electrical equipment, and others, equipped with two or more devices, for controlling or distributing electric current, including those including devices or devices of group 90 and digital control devices, except for commutation switching devices of commodity item 8517, used for medical purposes; parts thereof
127.	8538	parts intended exclusively or mainly for apparatus of commodity item 8537, used for medical purposes; parts thereof
128.	8539 49 000 0, 8539 51 101 1, 8539 51 109 1, 8539 51 201 1, 8539 51 202 1, 8539 51 209 1, 8539 51 401 1, 8539 51 402 1, 8539 51 409 1, 8539 90 800 1	ultraviolet or infrared lamps used in medicine

Group 87. Means of land transport, except for railway or tram rolling stock, and their parts and accessories		
129.	8705 90 800 5	new motor vehicles used for medical purposes (mobile medical complexes)
130.	8707 90 900 9	box body for mobile medical complexes
131.	8713	wheelchairs for people unable to move, equipped or not equipped with an engine or other mechanical devices for movement
132.	8714 20 000 0	wheelchair parts and accessories for people unable to move
Group 90. Optical, photographic, cinematographic, measuring, control, precision, medical, or surgical instruments and apparatus; parts and accessories thereof		
133.	9001 30 000 0	contact lenses used for medical purposes
134.	9001 40 410 0, 9001 40 490 0	lenses for glasses made of glass, vision correction, processed on both sides, single-focal, multifocal (multifocal), transfocal
135.	9001 50 410 0, 9001 50 490 0	lenses for glasses made of other materials, vision correction, processed on both sides, single-focal, multifocal (multifocal), transfocal
136.	9002	lenses, prisms, mirrors and other optical elements made of any material used for medical purposes, medical devices
137.	9003 (except 9003 19 000 1)	frames and fittings for glasses, goggles (except for sun glasses), or similar optical devices, and their parts
138.	9004 (except 9004 10)	glasses, goggles (except sun glasses) and similar optical devices that correct vision
139.	9006 30 000 0	cameras specifically designed for medical, surgical examination of internal organs
140.	9006 91	image registration devices, their parts and accessories used for medical purposes
141.	9010	apparatus and other equipment for dark laboratories, negatoscopes, developing machines used for medical purposes
142.	9011	complex optical microscopes used for medical purposes
		scales with a sensitivity of 0.05 g or higher, with or without weights, their

143.	9016 00	parts and accessories, for medical purposes
144.	9018	tools and devices used in medicine, surgery, dentistry, including scintigraphic equipment, other electro-medical equipment and devices for researching eyesight (except for tanning salons), including spare parts and accessories that are part of a medical device
145.	9019	devices for mechano-therapy; massage devices; equipment for psychological tests to determine abilities; equipment for ozone, oxygen and aerosol therapy, artificial respiration or other therapeutic breathing equipment
146.	9020 00 000 0	other breathing equipment and gas masks, except for protective masks, without mechanical parts and replaceable filters for medical purposes
147.	9021	orthopedic appliances, including crutches, surgical belts and bandages ; splints and other devices for the treatment of fractures; artificial body parts; hearing aids and other devices that are worn on oneself, carried by oneself or implanted in the body to compensate for an organ defect or its inoperability
148.	9022	equipment based on the use of x-ray, alpha, beta or gamma radiation, intended for medical, surgical, dental use, including x-ray or radio-therapeutic equipment, x-ray tubes and other x-ray generators, high voltage generators, panels and control panels, screens, tables, chairs and similar products for examination or treatment, including spare parts and accessories that are part of the specified equipment and products
149.	9024 80 190 0	machines and devices for testing the hardness, strength or other mechanical properties of materials ( devices for measuring the hardness and strength of tablets), used in the manufacture of pharmaceutical products

150.	9025	hydrometers, thermometers, barometers, hygrometers, psychrometers with or without a recording device for medical purposes and used in the manufacture of pharmaceutical products
151.	9026	instruments and apparatus for measuring or controlling the flow rate, level, pressure or other variable characteristics of liquids or gases used in the manufacture of pharmaceutical products and medical gas supply system equipment
152.	9027	instruments and equipment for chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analyzers); instruments and apparatus for measuring or controlling viscosity, porosity, expansion, surface tension or the like ; instruments and apparatus for measuring or controlling the amount of heat, sound or light (including exposure meters); microtomes; parts and accessories used for medical purposes
153.	9030 10 000 0	instruments and apparatus for detecting or measuring ionizing radiation used in medicine
154.	9031	measuring or controlling devices used in medicine or in the manufacture of pharmaceutical products
155.	9032 10	thermostats used in medicine
156.	9033 000 00 0	parts and accessories (not elsewhere specified or included in this group) to machines, instruments, tools or apparatus of Group 90, used for medical purposes and (or) in the pharmaceutical, medical industry
Group 91. Watches of all kinds and parts thereof		
157.	9106 90 000 0	technological process timers, stopwatch, not intended to be worn on oneself or carried with oneself, and similar devices used in medicine
Group 94. Furniture; bedding, mattresses, mattress basics, sofa cushions and similar stuffed furniture; lamps and lighting equipment not elsewhere specified or included; light signs, light plates with a name or title, or address and similar products; prefabricated building structures		

158.	9402	medical, surgical, dental furniture (e.g. operating tables, examination tables, hospital beds with mechanical appliances, dental chairs), parts of the above products
159.	9403	other furniture and its parts used in medicine
160.	9405 19 001 1, 9405 11 001 1, 9405 19 001 3, 8539 51 102 1, 9405 11 002 1, 9405 19 002 1, 9405 19 003 1, 9405 11 003 1, 9405 19 003 3, 9405 29 001 1, 9405 21 001 1, 9405 29 001 3, 9405 21 002 1, 9405 29 002 1, 9405 29 003 1, 9405 21 003 1, 9405 29 003 3, 9405 41 001 1, 9405 41 002 1, 9405 42 002 1, 9405 42 003 1, 9405 49 001 1, 9405 49 002 1, 9405 49 002 3, 9405 49 002 5, 9405 49 003 1, 9405 49 003 3, 9405 49 003 5, 9405 91 900 1, 9405 92 000 1, 9405 99 000 1, 9405 41 003 1, 9405 42 001 1	lamps and lighting equipment, narrow beam lamps and parts thereof used in medicine
161.	9406 90 390 2, 9406 90 900 1	prefabricated building structures (clean rooms) used in special production facilities for the production of pharmaceutical, medical products
Group 96. Miscellaneous finished products		
162.	9608 20 000 0	plastic markers with felt tips and other porous materials designed for the production of biomarkers with iodine and brilliant green solutions
