## **Rules for maintaining the list of priority activities conducted in the territories of special economic zones**

### **Chapter 1. General provisions**

1. Ерууы Rules for maintaining a list of priority activities conducted in the territories of special economic zones (hereinafter referred to as the Rules), have been developed in accordance with subparagraph 3) of Article 11 of the law of the Republic of Kazakhstan "On special economic and industrial zones" and shall determine the procedure for maintenance of the list of priority activities conducted in the territories of special economic zones.

2. Basic terms and definitions used in these Rules:

1) a management company of a special economic zone - a legal entity, established or determined in accordance with the laws of the Republic of Kazakhstan "On special economic and industrial zones" and "On innovation cluster "Park of innovative technologies" to ensure the functioning of the special economic zone;

2) a participant in a special economic zone – a legal entity that performs priority activities in the territory of a special economic zone and is included in the single register of participants of special economic zones.

Wherein:

participants of a special economic zone "Park of innovative technologies" shall be allowed to carry out priority activities outside the territory of this special economic zone;

participants of a special economic zone, the boundaries of which fully or partially coincide with the sections of the customs border of the Eurasian Economic Union, may be

individual entrepreneurs who carry out priority activities in the territory of the said special economic zone;

3) a financial model – assessment of financial costs and revenues, along with assessment of alternative financing schemes and sources, analysis of project creation, cash flow statement, profit and loss statement, indicators of project efficiency in the territories of special economic zones from the point of view of the economy of the republic (region) as a whole;

4) priority activities – activities, determined by the authorized body in coordination with the authorized body on state planning and the authorized state body in charge of ensuring the collection of taxes and other obligatory payments to the budget, falling under the special legal regime of the special economic zone;

5) agreement on implementation of activities – an agreement concluded between a participant or several participants of a special economic zone and the management company of the special economic zone, establishing the conditions for carrying out activities on the territory of the special economic zone and (or) in their legal regime, rights, duties and responsibilities of the parties;

6) applicant – a person submitting an application to the management company of a special economic zone for the implementation of priority activities or an application to the management company of an industrial zone for the implementation of business activities as a participant of an industrial zone;

7) an authorized body – the central executive body that carries out state regulation in the field of establishment, functioning and abolition of special economic and industrial zones.

## **Chapter 2. Procedure for inclusion of activities into the list of priority activities**

3. A potential participant of a special economic zone or a management company of a special economic zone applies to the authorized body with an application to include an activity in the list of priority activities.

4. The project passport according to the Annex to these Rules (hereinafter - the project passport), the analysis of the assessment of the socio-economic effect of the project and the calculation of the losses of the republican and local budgets are attached to the application for the inclusion of the type of activity in the list of priority types of activity.

The analysis of the evaluation of the socio-economic effect includes information on the multiplier effect of the project implementation, a description of the project with detailed conditions for the implementation of the project, including an explanation of the indicators specified in the project passport.

## **Chapter 3. Application review process**

5. The authorized body reviews the application with the application of all necessary documents for completeness and reliability within 10 (ten) working days from the day of receipt of the application.

6. In case of submission of an incomplete package of documents according to clause 4 of these Rules, such an application is sent to the potential participant and/or management company with a reasoned refusal within 3 working days.

7. In case of completeness of the submitted documents, the authorized body shall within 3 working days send the package of documents according to paragraph 4 of these Rules with the attachment of the draft of the regulatory legal act to authorized body on state planning and authorized body, managing in the sphere of ensuring the receipt of taxes and other obligatory payments to the budget for consideration of the possibility of submission to the meeting of the Republican Budget Commission.

In case of submission of incomplete package of documents to the authorized body on state planning and the authorized body managing in the field of ensuring the receipt of taxes and other obligatory payments to the budget, according to paragraph 4 of these Rules, the package of documents shall remain without consideration, about which the authorized body shall be notified within 5 working days.

Based on the negative conclusion of the authorized body on state planning and/or the authorized body that manages in the field of ensuring the receipt of taxes and other obligatory payments to the budget, the authorized body shall return such application to the applicant within three working days from the date of the negative decision.

8. In case of a positive conclusion of the Republican Budget Commission, the declared type of activity shall be included in the list of priority activities and published on the official Internet resource of the Unified Coordination Center.

Based on the negative conclusion of the Republican Budget Commission, the authorized body returns such an application to the applicant within three working days from the day of the negative decision.

- 11) construction and commissioning of objects intended directly for the implementation of priority types of activities, within the scope of project and estimate documentation;
- 12) production of coke and oil refining products;
- 13) production of products of chemical industry;
- 14) iron casting;
- 15) steel casting;
- 16) production of building metal structures and their parts (used for turnkey block-modular solutions);
- 17) production of other metal tanks, reservoirs and containers (used for turnkey block-modular solutions);
- 18) basic technological processes of mechanical engineering;
- 19) production of electric motors, generators and transformers;
- 20) manufacture of electrical distribution and control equipment (used for turnkey block-modular solutions or supplied complete with pumps and compressors);
- 21) manufacture of other pumps and compressors;
- 22) manufacture of other taps, valves and vents.

#### 6. Special Economic Zone "Saryarka":

- 1) metallurgic industry;
- 2) production of finished metal products, except for machinery and equipment;
- 3) production of engines and turbines, except for aircraft, automobile and motorcycle engines;
- 4) production of motor vehicles, trailers and semi-trailers;
- 5) production of computers, electronic and optical products;
- 6) production of electrical equipment;
- 7) production of products of chemical industry;
- 8) production of rubber and plastic products;
- 9) production of other non-metallic mineral products;
- 10) production of hydraulic equipment;
- 11) production of other pumps, compressors, plugs and valves;
- 12) production of other cranes and valves;

- 13) production of bearings, gears, elements of gears and drives;
  - 14) production of plates, stoves and stove burners;
  - 15) production of lifting and transportation equipment;
  - 16) production of manual electric tools;
  - 17) production of industrial refrigeration and ventilation equipment;
  - 18) production of cleaning devices for liquid minerals;
  - 19) production of equipment for production, dispersion or spraying of liquid minerals or powders;
  - 20) production of cleaning equipment for oil refining, chemical industry, beverage production industry;
  - 21) production of centrifuges (with the exception of cream separators and dryers);
  - 22) production of water-cooling towers for direct cooling by means of water recirculation;
  - 23) production of agricultural and forestry equipment;
  - 24) production of equipment for metal pressure processing;
  - 25) production of other metalworking machines;
  - 26) production of machinery and equipment for metallurgy;
  - 27) production of equipment for the mining industry, underground development and construction;
  - 28) production of equipment for production and processing of food, beverages and tobacco products;
  - 29) production of equipment for the manufacture of textile, sewing, fur and leather products;
  - 30) production techniques for the production of paper and cardboard;
  - 31) production of equipment for the processing of rubber, plastic and other polymer materials;
  - 32) construction and commissioning of objects intended directly for the implementation of priority types of activities, within the scope of project and estimate documentation;
  - 33) collection, processing and disposal of waste; utilization (restoration) of materials in relation to out-of-service vehicles, special equipment and agricultural machines, refrigerators and refrigeration equipment;
  - 34) construction and commissioning of a combined feed plant for the production and processing of feed for fish and farm animals;
  - 35) production of coke ovens;
  - 36) supply of electricity, gas, steam, hot water and conditioned air;
  - 37) construction and commissioning of a multidisciplinary hospital.
7. Special Economic Zone "Khorghos – Eastern gate":
- 1) warehousing and auxiliary transport activities;
